Approval and Promulgation of State Implementation Plans; Michigan

AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve the State's request to redesignate the Detroit area, which includes portions of Wayne, Oakland, and Macomb Counties, to attainment for carbon monoxide (CO). The EPA is also proposing to approve the corresponding 175A maintenance plan associated with the redesignation request as a revision to the Michigan State Implementation Plan (SIP) for attaining and maintaining the National Ambient Air Quality Standard for CO.

In the final rules section of the **Federal Register**, EPA is approving the State's submittal as a direct final rule without prior proposal because EPA views this action as a noncontroversial action and anticipates no relevant adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this rule, no further activity is contemplated, and the direct final rule will become effective. If EPA receives relevant adverse comments, the direct final rule will be withdrawn, and all public comments received during the 30-day comment period set forth below will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: EPA must receive written comments by July 30, 1999.

ADDRESSES: Send written comments to: Carlton T. Nash, Chief, Regulation Development Section, Air Programs Branch (AR-18J), United States Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: John Mooney at (312) 886-6043.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule published in the rules section of this **Federal Register**. Copies of the documents relevant to this action are available for public inspection during normal business hours at the above address. (Please telephone John Mooney at (312) 886-6043 before visiting the Region 5 Office.)

National Emission Standards for Hazardous Air Pollutants: Group I Polymers and Resins and Group IV Polymers and Resins

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing an indefinite stay of the compliance dates for portions of the national emission standards for hazardous air pollutants (NESHAP) for Group I Polymers and Resins and Group IV Polymers and Resins. This proposal would stay, indefinitely, the compliance dates for existing affected sources and new affected sources with an initial start-up date on or after March 9, 1999, which are subject to the Group I Polymers and Resins and Group IV Polymers and Resins NESHAP requirements for all emission points except equipment leaks. This proposed stay will remain in effect until the date that the amendments to these rules (which were proposed on March 9, 1999) are promulgated, at which point the EPA will publish new compliance dates for these affected sources. We are proposing this stay of

the compliance date for existing affected sources and new affected sources with an initial start up date on or after March 9, 1999, because of the significant amendments to these NESHAP that were proposed on March 9, 1999. It is unlikely that those amendments will be promulgated before the compliance dates for existing sources subject to Group I and Group IV Polymers and Resins regulations (September 5, 1999, and September 12, 1999, respectively).

In the "Rules and Regulations" section of today's **Federal Register**, we are publishing this rule without prior proposal because we view this as a noncontroversial amendment and anticipate no adverse comment. We have explained our reasons for this action in the corresponding direct final rule, located in the final rules section of today's **Federal Register**. If we receive a significant adverse comment on an amendment, paragraph, or section of this rule and that provision may be addressed separately from the remainder of the rule, we may adopt as final those provisions of the rule that are not subject to a significant adverse comment and withdraw those provisions that did receive adverse comment. For any provisions that are withdrawn, we will address all public comments in a subsequent final rule based on the proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.

DATES: *Comments:* Written comments must be received by July 30, 1999, unless a hearing is requested by July 12, 1999. If a hearing is requested, written comments must be received by August 16, 1999.

Public Hearing. Anyone requesting a public hearing must contact the EPA by July 12, 1999. If requested, a public hearing will be held in Research Triangle Park, North Carolina, beginning at 10 a.m. on July 14, 1999.

ADDRESSES: *Comments.* Comments should be submitted (in duplicate, if possible) to: Air and Radiation Docket and Information Center (6102), Attention Docket Number A-92-44 (Group I Polymers and Resins) and/or Docket Number A-92-45 (Group IV Polymers and Resins), Room M-1500, U.S. Environmental Protection Agency, 401 M Street, SW, Washington, D.C. 20460. The EPA requests that a separate copy also be sent to the contact person listed below (see **FOR FURTHER INFORMATION CONTACT**). Comments may also be submitted electronically by following the instructions provided in **SUPPLEMENTARY INFORMATION**.
