#### Record of Decision for the Disposal and Reuse of Naval Air Station Barbers Point, Oahu, HI

**SUMMARY:** The Department of the Navy (Navy), pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4332(2)(C) (1994), and the regulations of the Council on Environmental Quality that implement NEPA procedures, 40 C.F.R. Parts 1500-1508, hereby announces its decision to dispose of Naval Air Station (NAS) Barbers Point, which is located

on the island of Oahu in Honolulu County, Hawaii.

Navy analyzed the impacts of the disposal and reuse of NAS Barbers Point in an Environmental Impact Statement (EIS) as required by NEPA. The EIS analyzed four reuse alternatives and identified the Naval Air Station Barbers Point Community Redevelopment Plan dated March 1997 (Redevelopment Plan), described in the EIS as the State-Preferred Alternative, as the Preferred Alternative. The State of Hawaii is the Local Redevelopment Authority (LRA) for NAS Barbers Point. Department of Defense Rule on Revitalizing Base Closure Communities and Community Assistance (DoD Rule), 32 CFR 176.20(a).

The Preferred Alternative proposed a mix of aviation, residential, educational, community service, light industrial, commercial, public, park and recreational uses. These include a general aviation and military airport, housing, a vocational training center, a desalinization plant, an automobile race track complex, an international sports center, a festival center, a marine park, a baseball complex, and a field sports complex.

Navy intends to dispose of NAS Barbers Point in a manner that is consistent with the Redevelopment Plan. Navy has determined that a mixed land use will meet the goals of achieving local economic redevelopment, creating new jobs, and providing additional housing, while limiting adverse environmental impacts and ensuring land uses that are compatible with adjacent property. This Record Of Decision does not mandate a specific mix of land uses. Rather, it leaves selection of the particular means to achieve the proposed redevelopment to the acquiring entities and the local zoning authority.

#### Background

Under the authority of the Defense Base Closure and Realignment Act of 1990 (DBCRA), Public Law 101-510, 10 U.S.C. § 2687 note (1994), the 1993 Defense Base Closure and Realignment Commission recommended the closure of Naval Air Station Barbers Point. This recommendation was approved by President Clinton and accepted by the One Hundred Third Congress in 1993. The base is scheduled to close on July 2, 1999.
