June 30, 1999.

Take notice that on June 4, 1999, Blue Lake Gas Storage Company (Blue Lake), tendered for filing a request to waive the interactive web site requirements set forth in Commission Order Nos. 587-G and 587-I. According to the filing, this customer has advised Blue Lake that it has no need, now or in the future, to be able to transact business with the Blue Lake on the Internet. In the alternative, Blue Lake requests an extension of time to implement the interactive web site requirements until a Part 284 customer requests that Blue Lake offer transactions via the web site.

[Docket No. CP99-570-000]

Colorado Interstate Gas Company; Request Under Blanket Authorization

June 30, 1999.

Take notice that on June 28, 1999, Colorado Interstate Gas Company (CIG), P.O. Box 1087, Colorado Springs, Colorado 80944, filed a prior notice request with the Commission in Docket No. CP99-570-000 pursuant to Section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to increase the Maximum Allowable Operating Pressure (MAOP) at an existing delivery lateral in El Paso County, Colorado, under CIG's blanket certificate issued in Docket No. CP83-21-000 pursuant to Section 7 of the NGA, all as more fully set forth in the request which is open to the public for inspection. The application may be viewed on the web at www.ferc.fed.us/online/rims.htm (call 202-208-2222) for assistance).

CIG proposes to increase the MAOP at an existing delivery lateral used to serve the city of Colorado Springs, Colorado, from 717 psig to 820 psig. CIG states that it would also replace its North Colorado Springs lateral, a 10-inch diameter lateral approximately 2,000 feet in length, under Part 157.208 of the Commission's Regulations. CIG further states that because the lateral's age (constructed in the 1930s) and its proximity to major residential growth (Northeast Colorado Springs), plus serving as a major delivery point to the city of Colorado Springs, CIG intends to replace the lateral under the automatic provisions of its blanket certificate this summer. CIG states that the increase in the meter's MAOP would match the mainline MAOP delivering natural gas to the North Colorado Springs lateral.

Any questions regarding the application should be directed to James R. West, Manager, Certificates, at (719) 520-4679, Colorado Interstate Gas Company, P.O. Box 1087, Colorado Springs, Colorado 80944.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the

Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Acting Secretary.
