[Figure V-5]:

1. On page 17567, Figure V-5, section 1, “MEASURED OR ESTIMATED IN MINE DP EXPOSURE (µg/m3)” should read “MEASURED OR ESTIMATED DPM CONCENTRATION (µg/m³)”.

5. On page 17569, first column, after line 30 and before line 31, insert the following before beginning of paragraph: “To(I)=Individual engine operating times, hr’’; “1.7=The metric conversion factor that converts cfm to m\(^3\)/hr, 1.7’’; “10\(^{3}\)=The conversion factor that converts gm to µg’’.

6. On page 17569, second column, line 19, “DPM(a)=[(Ea)x(Hp(I)xTo(I))]/[35,300/(Q(I))]’’ should read “DPM(a)=[(Ea)x(Hp(I)xTo(I))/35,300]/(Q(I))’’.

7. On page 17569, second column, line 22, “35,300 is a metric conversion factor’’ should be deleted.

8. On page 17569, second column, line 26, “E(l)=Individual engine emission rates, gm/hp-hr’’ should read “Ea= is the quantity calculated for section 2, Column B, the average engine emission rate, gm/hp-hr’’.

9. On page 17569, second column, line 30, “To(I)=Operating time hours’’ should be deleted.

10. On page 17569, second column, after line 33 and before line 34, insert the following before beginning of paragraph: “1.7=The metric conversion factor that converts cfm to m\(^3\)/hr, 1.7’’; “10\(^{3}\)=The conversion factor that converts gm to µg’’.

11. On page 17570, first column, line 19, “DPM(c)=[(Ea)x(Hp(I)xTo(I))/[35,300/(Q(I))]’’ should read “DPM(c)=[(Ea)x(Hp(I)xTo(I))/35,300]/(Q(I))’’.

12. On page 17570, first column, insert in line 42, “Ts=Total shift length, hours’’.

13. On page 17570, first column, after line 47 and before the section heading, “VI. Impact Analysis’’: insert the following: “Note: The factor 1.7 to convert Q in cfm to m\(^3\)/hr is determined as follows: 1 cu ft =((2.54 cm/in\(^3\)) x (12 in)/cu ft)/[(100 cm)/m\(^3\)] =0.028317 m\(^3\)/min; 1 min =1/60 hr; 1 cfm =1.7 m\(^3\)/hr; 1 gm =106 µg. Thus Q(m\(^3\)/hr) =1.7 x Q (cu ft/min) and E(µg/hp-hr) =10\(^{3}\) x E(gm/hp-hr)”.

II. Close of Rulemaking Records

The post-hearing comment period for both proposed rules will close concurrently on July 26, 1999.

Commenters are encouraged to submit their comments on or before that date. This will allow the public 15 months from the date of publication to comment on the underground coal proposal, and nine months to comment on the metal and nonmetal proposal.

Dated June 30, 1999.

Assistant Secretary for Mine Safety and Health.

published in the Federal Register on March 12, 1999 (64 FR 12269). The comment period for this proposal closed on April 12, 1999. During OSM's review of this proposal, PADEP submitted comments to supplement the original submission. These changes were described in a letter dated June 1, 1999 (Administrative Record No. 853.11). In that letter, PADEP indicated that the December 18, 1998, submission proposed to remove approved program language in 25 PA Code Chapters 87-90 dealing with effluent limits for discharges from areas disturbed by coal mining activities. The deletion of the definitions of the term "best professional judgement" from 25 PA Code 87.202 and 88.502 and deletion of 25 PA Code 87.207(b) and 88.507(b) are a supplement to this proposal. OSM is opening the public comment period to allow comment on these additional proposed deletions to the approved Pennsylvania program.

III. Public Comment Procedures

In accordance with the provisions of 30 CFR 732.17(h), OSM is now seeking comments on the proposed amendments identified above. Specifically, OSM is seeking comments on the proposed changes to Pennsylvania's regulations that were submitted on June 1, 1999 (Administrative Record No. PA-853.11). Comments should address whether the proposed changes satisfy the applicable program approval criteria of 30 CFR 732.15. If the amendment is deemed adequate, it will become part of the Pennsylvania program.

Written Comments

Written comments should be specific, pertain only to the issues proposed in this rulemaking, and include explanations in support of the commenter's recommendations. Comments received after the time indicated under DATES or at locations other than the Harrisburg Field Office will not necessarily be considered in the final rulemaking or included in the Administrative Record.

IV. Procedural Determinations

Executive Order 12866

This proposed rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12988

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). The State submittal which is the subject of this rule is based upon relevant Federal regulations which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements previously promulgated by OSM will be implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions in the analyses for the corresponding Federal regulations.

Unfunded Mandates

This rule will not impose a cost of $100 million or more in any given year on any governmental entity or the private sector.
