[Project No. 2009-018]

Virginia Power Company; Notice of
Settlement Meeting

July 2, 1999.

- a. *Date and Time and Meeting:* July 20, 1999, 9:00 am to 3:00 pm.
- b. *Place:* Littleton Community Center, Oak Street Extension, Littleton, NC (Contact: Nancy Hux, North Carolina Power) at (252) 535-6178.
- c. *FERC Contact:* Ron McKittrick, ronald.mckittrick@ferc.fed.us, (770) 452-3778.

d. *Purpose of the Meeting:* Settlement meeting associated with the relicensing of the Roanoke Rapids and Lake Gaston Project (P-2009).

e. *Proposed Agenda:* (This is the same Settlement meeting described in Virginia Power Company's letter Dated June 18, 1999, to all parties).

- (1) Review of draft minutes and action items from May 13, 1999 meeting.
- (2) Report of the Drafting Committee (DC) on its meetings and recommendations of decision, rules, and the role of the DC.
- (3) Reports on the status of the technical studies and the status of the additional study requests.
- (4) Report on cumulative impact assessment and adaptive/cooperative management.
- (5) Presentation of Kerr Reservoir Storage Account.
- (6) Wrap up.

f. All interested parties, are invited to attend this meeting as participants.

Linwood A. Watson, Jr.,

Acting Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory
Commission

Sunshine Act Meeting

AGENCY HOLDING MEETING: Federal Energy Regulatory Commission, Dept. of Energy.

FEDERAL REGISTER CITATION OF PREVIOUS ANNOUNCEMENT: June 28, 1997, 64 FR 34652.

PREVIOUSLY ANNOUNCED TIME AND DATE OF MEETING: June 30, 1997, 10:00 a.m.

CHANGE IN THE MEETING: The following Docket No. has been added to Item CAG-12 on the Agenda scheduled for the June 30, 1999 meeting.

Item No./Docket No. and Company

CAG-12—RP98-117-000, K N Interstate Gas Transmission Company

David P. Boergers,

Secretary.

ENVIRONMENTAL PROTECTION
AGENCY

[FRL-6374-6]

Agency Information Collection
Activities: Continuing Collection;
Comment Request; Clean Water Needs
Survey

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the following continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): Clean Water Needs Survey, EPA, ICR No. 0318.08 OMB, ICR Control No. 2040-0050. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before September 7, 1999.

ADDRESSES: To obtain a copy of this ICR, please contact Sandra Perrin, Office of Wastewater Management, U.S. EPA (Mailcode 4204), 401 M Street SW, Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Sandra Perrin (202) 260-7382, Fax (202) 260-0116, E-Mail peerin, sandra@epa.gov.

SUPPLEMENTARY INFORMATION:

Affected Entities: Entities potentially affected by this action are States, District of Columbia, Puerto Rico, Virgin Island and Pacific Territories (maximum 56).

Title: Clean Water Needs Survey, (OMB Control No. 2040-0050; EPA ICR No. 318.08) expiring 12/31/99.

Abstract: The Needs Survey is required by sections 205(a) and 516(b)(1) of the Clean Water Act (CWA). It is a biennial inventory of publicly owned wastewater treatment works (POTWs) in the United States as well as an estimate of how many POTWs are needed to be built. The Survey is a joint effort of the States, EPA Headquarters (Office of Wastewater Management (OWM)) and EPA Regions. The Survey

records costs associated with a broad range of water quality and public health problems eligible for funding from the State Revolving Fund program under Title VI of the CWA. This includes the collection and treatment of municipal wastewater, the control of combined sewer overflows, storm water management, and control of non point source runoff. The States provide this information to EPA. EPA achieves national consistency in the final results through the application of uniform guidelines and validation techniques. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: The annual burden estimate for State respondents in the 1996 Survey was 13,888 hours. This was decreased in 1998 to 1275 hours because EPA was modernizing its data base and no survey was conducted. We are estimating 375 hours per respondent for the 2000 survey. With 56 respondents, the total burden is estimated at 21,000 hours for the 2000 Survey which reflects an increase in the burden over 1996 for information collection for Combined Sewer overflows (CSO) and Nonpoint Source/Stormwater along with an increase the number of POTWs. Since 1988 the Needs Survey has been completely automated allowing the States to perform direct on-line updates of their data and to obtain quick feedback on EPA Headquarters review of the updates. The main objectives of the 1996 Survey was to update the cost estimates of traditional categories of
