

Once finally cleared by OMB and GSA and printed by the Government Printing Office, the paper original of the new 1999 edition of the SF 278 report form will be stocked and available for purchase by departments and agencies nationwide from the GSA Federal Supply Service Customer Service Centers.

In addition, OGE already has placed on its Internet Web site (Uniform Resource Locator (URL) address: <http://www.usoge.gov>) a viewable and downloadable Portable Document Format (PDF) version of the current 6/94 edition of the SF 278 and is also working on a fillable version of the 6/94 edition. A fillable version of the SF 278 is available from GSA's Web site electronic library of standard and optional forms (URL address: <http://www.gsa.gov/forms/>). Moreover, OGE will develop both PDF and fillable versions of the new 1999 edition of the SF 278 once it is finally cleared and issued later this year. Those electronic versions of the SF 278 form have been and will continue to be made available free-of-charge to executive branch departments and agencies and their employees. In addition, the forthcoming 1999 edition of the form will be included in future editions of The Ethics CD-ROM. Departments and agencies can also electronically duplicate the SF 278 without standard form exception clearance, provided that the duplication precisely parallels the original paper form to the extent technically feasible, producing a "mirror image" print-out thereof.

Furthermore, OGE is considering the paperwork and technical issues relating to development of so-called "smart" electronic forms, including the SF 278, which employ a question and answer format to elicit information on reportable interests and funnel the responses onto the various schedules of the report forms. Various agencies including OGE are interested in this area, and OGE is reviewing the executive branchwide aspects of these initiatives.

For now, OGE notes that even with all of these electronic initiatives, the SF 278 reports, once completed by individual filers, will still need to be printed out and signed manually. Electronic filing is not authorized at the present time for SF 278 reports. However, OGE is monitoring developments under the Government Paperwork Elimination Act and the draft OMB guidelines, under which appropriate electronic availability and filing of various Government forms will generally be phased in by 2003.

Public comment is invited on each aspect of the proposed moderately revised SF 278 Public Financial Disclosure Report as set forth in this notice, including specifically views on the need for and practical utility of this collection of information, the accuracy of OGE's burden estimate, the potential for enhancement of quality, utility and clarity of the information collected, and the minimization of burden (including the use of information technology).

Any comments received in response to this notice will be summarized for, and may be included with, OGE's request for extension of OMB paperwork approval for this information collection. Comments will also become a matter of public record.
