Notice of Intent to Repatriate a Cultural Item in the Possession of the American Museum of Natural History of New York, NY

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given under the Native American Graves Protection and Repatriation Act, 43 CFR 10.10 (a)(3), of the intent to repatriate a cultural item in the possession of the American Museum of Natural History which meets the definition of “object of cultural patrimony” under Section 2 of the Act.

The cultural item is a wooden canoe prow piece carved in the shape of a beaver. It is painted red with black and blue-green detailing and it has abalone teeth and eyes. Representatives of Kootznoowoo, Incorporated, identified this prow piece as belonging to the one canoe that survived the U.S. Navy's shelling of Angoon in 1882.

In 1911, the American Museum of Natural History purchased this prow piece from George Thornton Emmons. The Museum accessioned the item into

its collection the same year (AMNH Accession Number 1911-7).

The cultural affiliation of this item is Hutsnuwu (“Hootz-ah-tar”) Tlingit as indicated through Museum records and consultation with representatives of Kootznoowoo, Incorporated. Kootznoowoo, Incorporated, had requested the object on behalf of the Deisheetaan Clan. Consultation evidence presented by representatives of Kootznoowoo, Incorporated, indicates that this item has ongoing historical, traditional, and cultural importance central to the tribe itself, and no individual had the right to alienate it at the time of acquisition.

Based on the above-mentioned information, officials of the American Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(4), this cultural item has ongoing historical, traditional, and cultural importance central to the tribe itself, and could not have been alienated, appropriated, or conveyed by any individual. Officials of the American Museum of Natural History have also determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between this item and Kootznoowoo, Incorporated.

This notice has been sent to officials of Kootznoowoo, Incorporated, and the Angoon Community Association. Representatives of any other Indian tribe that believes itself to be culturally affiliated with this object should contact Martha Graham, Registrar for Cultural Resources, Department of Anthropology, American Museum of Natural History, Central Park West at 79th Street, New York, NY 10024-5192, telephone (212) 769-5846, before August 11, 1999. Repatriation of this object to Kootznoowoo, Incorporated, may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the contents of or determinations within this notice.

Dated: July 2, 1999.

Francis P. McManamon,

Departmental Consulting Archeologist, Manager, Archeology and Ethnography Program.
