

Health Administration, Room 719, 4015 Wilson Boulevard, Arlington, VA 22203-1984. Mrs. O'Malley can be reached at TOMalley@msha.gov (Internet E-mail), (703) 235-1470 (voice), or (703) 235-1563 (facsimile).

#### SUPPLEMENTARY INFORMATION:

##### I. Background

Independent contractors performing services or construction at mines are subject to the Federal Mine Safety and Health Act. 30 CFR 45.4(b) requires the mine operator to maintain a written summary of information concerning each independent contractor present on the mine site. The information includes the trade name, business address, and telephone number; a brief description of the work to be performed; MSHA identification number, if any; and the contractor's address of record. This information is required to be provided for inspection and enforcement purposes by the mine operator to any MSHA inspector upon request.

##### II. Current Actions

The information obtained from the contractors is used by MSHA during inspections to determine proper responsibility for compliance with safety and health standards.

## DEPARTMENT OF LABOR

### Occupational Safety and Health Administration

[Docket No. NRTL-2-93]

#### Entela, Inc., Correction of Recognition

**AGENCY:** Occupational Safety and Health Administration, (OSHA), Labor.

**ACTION:** Notice.

**SUMMARY:** This notice corrects the expansion of recognition recently granted to Entela, Inc.

**EFFECTIVE DATE:** This correction becomes effective on July 13, 1999.

**FOR FURTHER INFORMATION CONTACT:** Bernard Pasquet, Office of Technical Programs and Coordination Activities, NRTL Program, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N3653, Washington, D.C. 20210, or phone (202) 693-2110.

#### SUPPLEMENTARY INFORMATION:

##### Notice of Final Decision

The Occupational Safety and Health Administration (OSHA) is correcting the expansion of recognition granted to Entela, Inc. (ENT), on March 9, 1999 (64 FR 11501). OSHA recognizes an organization as a Nationally Recognized Testing Laboratory (NRTL), and processes applications related to such recognitions, following requirements in Section 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7), and in Appendix A to this section. This correction notice falls outside the requirements of this section, and will be the only notice that OSHA will publish on this matter.

In the March 9 notice, OSHA expanded the recognition of ENT to include additional test standards. One of the test standards for which ENT requested recognition (see Exhibit 15) is UL 2161 Neon Transformers and Power Supplies. However, the NRTL Program staff excluded this test standard from ENT's expansion pending publication of the resolution of a comment, concerning this test standard, received on a notice for another NRTL (see 64 FR 33913, 6/24/99). If publication of the resolution has already occurred, OSHA would have recognized ENT for the standard in the March 9 notice.

The NRTL Program staff has recommended to the Assistant Secretary that OSHA correct the recognition of ENT to include the UL 2161 (Neon Transformers and Power Supplies) test standard. Based on the recommendation of the staff, the Assistant Secretary is hereby correcting the recognition of

ENT to include this additional standard. All other terms and conditions of ENT's recognition as an NRTL remain the same.

Signed at Washington, D.C. this 29th day of June, 1999.

**Charles N. Jeffress,**

*Assistant Secretary.*
