

following public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, (44 U.S.C. Chapter 35)). Copies of these individual ICRs, with applicable supporting documentation, may be obtained by calling the Corporation for National and Community Service, Office of Evaluation, Marcia Scott, (202) 606-5000, extension 100. Individuals who use a telecommunications device for the deaf (TTY-TDD) may call (202) 565-2799 between 8:30 a.m. and 5:00 p.m. Eastern time, Monday through Friday.

Comments should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Corporation for National and Community Service, Office of Management and Budget, Room 10235, Washington, DC 20503, (202) 395-7316, within 30 days from the date of this publication in the **Federal Register**.

The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Propose ways to enhance the quality, utility and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information to those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submissions of responses.

Type of Review: New approval.

Agency: Corporation for National and Community Service.

Title: Assessment of the Value-added Effect of National Service Programs on the Communities They Serve.

OMB Number: None.

Agency Number: None.

Affected Public: AmeriCorps*State/National partner organizations and Community representatives including, leaders community groups, and service providers.

Total Respondents: Approximately 540.

Frequency: One time.

Average Time Per Response: 30 minutes.

Estimated Total Burden Hours: 270 hours.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Description: One of the missions of the Corporation is to "provide opportunities to engage in service that addresses the nation's unmet human, educational, environmental, and public safety needs" (42 U.S.C. 12501(b)). Through the AmeriCorps*State/National program, the Corporation supports the efforts of local, state and national organizations that engage American adults in results-driven community service. Community service efforts include, but are not limited to: providing tutoring and immunization services for pre-school through twelfth grade children, and recruiting and training volunteers in local communities to provide health and independent living assistance to community residents, housing assistance to the homeless, community policing activities, and services to reduce environmental risk.

When originally presented in the **Federal Register**, a sample of 540 community representatives was proposed. However, subsequent statistical power calculations suggested that an average of two respondents from each of the 240 selected sites (a total of 480 respondents) would provide the degree of accuracy required for the proposed assessment. Therefore, the respondent burden is decreased by 60 respondents and 30 hours.

The Corporation has placed a priority on evaluating the outcomes of these efforts. A primary goal of the Corporation is that communities will be made stronger through the services its programs provide. In addition to outcomes, key considerations in determining a number of policy and programming issues in Corporation programs are program impact and net societal benefit. This data collection will address not only the value that communities place on the outcomes achieved by national service programs, but also whether the outcomes would have occurred in the absence of the programs.

The Corporation seeks approval of a survey form for the evaluation of the Corporation's AmeriCorps*State/National programs that it supports through grants. The survey will allow for the enhancement of the Corporation's future efforts in devising methods to measure progress toward its goals. It also may contribute important information to the knowledge base of the community service field by

identifying essential program components that lead to valued outcomes and program effectiveness.

Dated: July 8, 1999.

Associate General Counsel.
