FOR FURTHER INFORMATION CONTACT: Christina Longacre at the above Austin Ecological Services Field Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the “taking” of endangered species such as the golden-cheeked warbler. However, the Service, under limited circumstances, may issue permits to take endangered wildlife species incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Applicant: John and Christine Caster plan to construct one single family residence on City Park Road in Austin, Travis County, Texas. This action will eliminate less than one acre of habitat and indirectly impact less than four additional acres of golden-cheeked warbler habitat. The applicant proposes to compensate for this incidental take of the golden-cheeked warbler habitat by donating \$1,500 into the Balcones Canyonlands Preserve to acquire/ manage lands for the conservation of the golden-cheeked warbler and place the remaining balance of the property in a conservation easement in perpetuity.

Alternatives to this action were rejected because not developing the subject property with federally listed species present was not economically

feasible and alteration of the project design would increase the impacts.

Nancy M. Kaufman,

Regional Director, Region 2, Albuquerque, New Mexico.
