in the public interest, the request may be granted. Where a request for a statement or testimony is granted, one or more persons to whom this part applies may be authorized or designated to appear and testify or give a statement with respect thereto.

§ 516.3 When may a person to whom this part applies produce records?

(a) Any request for records of the National Indian Gaming Commission shall be handled pursuant to the procedures established in 25 CFR parts 515 and 517 and shall comply with the rules governing public disclosure as provided in 25 CFR parts 515 and 517.

(b) Whenever a subpoena duces tecum commanding the production of any record, has been lawfully served upon a person to whom this part applies, such person shall forward the subpoena to the General Counsel. If commanded to appear in response to any such subpoena, a person to whom this part applies shall respectfully decline to produce the record on the ground that production is prohibited by this part and state that the production of the record(s) of the National Indian Gaming Commission is a matter to be determined by the General Counsel.

§ 516.4 How are records certified or authenticated?

(a) Upon request, the person having custody and responsibility for maintenance of records which are to be released under this part or 25 CFR parts 515 or 517 may certify the authenticity of copies of records that are requested to be provided in such format.

(b) A request for certified copies of records or for authentication of copies of records shall be sent to the National Indian Gaming Commission, Attention: Freedom of Information Act Officer.

This proposed rule was prepared under the direction of Barry W. Brandon, General Counsel, National Indian Gaming Commission, 1441 L St. NW., Suite 9100, Washington, DC 20005. Signed at Washington, DC, this 1st day of July, 1999.

B. 30 IAC 12–8–8.1, Renewal

Indiana proposes to add this section to require a certified blaster to renew his or her certification every three years.

The request for renewal must be submitted to the department in writing, on forms supplied by the department, within thirty days prior to expiration of the certificate. The department will approve the renewal request if the certified blaster has worked at least twelve months of the preceding thirty-six as a certified blaster and is not in violation of 310 IAC 12–8–9. If the certified blaster does not renew his or her certification within one year after expiration, the certificate will no longer be renewable. A blaster must then submit a new application for certification. The department will send a renewal notice to each registrant at least two months before expiration of certification. Finally, the renewal notice and all other communications will be sent to the last address the registrant gave to the department. Failure to receive a renewal notice does not relieve the certified blaster of the obligation to renew his or her certification.

IV. Procedural Determinations

Executive Order 12866

The Office of Management and Budget (OMB) exempts this rule from review under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12988

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15, and 732.17(h)(10), decisions on State regulatory programs and program amendments must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

National Environmental Policy Act

This rule does not require an environmental impact statement since section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 et seq.).

Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). The State submittal which is the subject of this rule is based upon corresponding Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Therefore, this rule will ensure that existing requirements previously published by OSM will be implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the corresponding Federal regulations.

Unfunded Mandates

OSM has determined and certifies under the Unfunded Mandates Reform Act (2 U.S.C. 1502 et seq.) that this rule will not impose a cost of $100 million or more in any given year on local, state, or tribal governments or private entities.
