

Request for Comments

The Coast Guard invites comments on the proposed collection of information to determine whether the collection is necessary for proper performance of the duties of the Department. In particular, the Coast Guard would appreciate comments addressing: (1) The practical utility of the collection; (2) the accuracy of the Department's estimated burden of the collection; (3) ways to enhance the quality, utility, and clarity of the information sought in the collection; and (4) ways to minimize the burden of the collection on respondents, including the use of automated collection techniques or other forms of information technology.

Comments, whether to DMS or to OIRA, must contain the OMB Control Number of the ICR addressed by the comments. Comments to DMS must contain the docket-number of this request, USCG 1999-5126. Comments to OIRA are best assured of having their full effect if OIRA receives them 30 or fewer days after the publication of this request.

Information Collection Request

Title: National Recreational Boating Survey.

OMB Control Number: 2115-0638.

Type of Request: Extension of currently approved collection.

Affected Public: Owners and operators of recreational boats.

Form(s): National Recreational Boating Survey.

Abstract: The goal of the National Recreational Boating Survey is to obtain information on boating practices, safety, and exposure. This information will enable boating-safety officials to assess boating risks and implement appropriate strategies for safety intervention. It will also provide means to measure the effectiveness of the program in reducing the number of fatalities and injuries and the amount of property damage associated with the use of recreational boats.

Annual Estimated Burden Hours: The estimated burden is 3,926 hours annually.

G.N. Naccara,

Director of Information and Technology.
