AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice proposes to modify Class E airspace at Bryan, OH. Persons interested in being placed on a mailing list for future NPRM's should also request a copy of Advisory Circular No. 11-2A, which describes the application procedure.

The Proposal

The FAA is considering an amendment to 14 CFR part 71 to modify Class E airspace at Bryan, OH, to accommodate aircraft executing the proposed GPS Rwy 07 SIAP, and GPS Rwy 25 SIAP, at Williams County Airport by modifying the existing controlled airspace. Controlled airspace extending upward from 700 to 1200 feet AGL is needed to contain aircraft executing the approaches. The area would be depicted on appropriate aeronautical charts. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9F dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore this, proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory flexibility Act.

PRESIDIO TRUST**36 CFR Part 1010**

RIN 3212-AA02

Management of the Presidio: Environmental Quality

AGENCY: The Presidio Trust.

ACTION: Proposed rule.

SUMMARY: The Presidio Trust (Trust) was created by Congress in 1996 to manage a portion of the former U.S. Army base known as the Presidio, in San Francisco, California. Pursuant to law, administrative jurisdiction of approximately 80 percent of this property was transferred from the National Park Service (NPS), Department of the Interior (DOI), to the Trust as of July 1, 1998. By publication in the **Federal Register** on June 30, 1998 (63 FR 35694), the Trust adopted a final interim rule for interim management of the area under its administrative jurisdiction. This proposed rule would supplement those requirements with regulations implementing the National Environmental Policy Act of 1969 (NEPA) and would replace the Trust's interim procedures and guidelines for implementing NEPA, the availability of which was noticed in the **Federal Register** on September 14, 1998 (63 FR 49142). Public comment is invited on this proposed rule and will be considered by the Trust in promulgating a final rule.

DATES: Comments on this rulemaking must be received by September 21, 1999.

ADDRESSES: Written comments on this proposed rule must be sent to Karen A. Cook, General Counsel, the Presidio Trust, 34 Graham Street, P.O. Box 29052, San Francisco, CA 94129–0052.

FOR FURTHER INFORMATION CONTACT: Karen A. Cook, General Counsel, the Presidio Trust, 34 Graham Street, P.O. Box 29052, San Francisco, CA 94129–0052, Telephone: 415–561–5300.

SUPPLEMENTARY INFORMATION:**Background**

The Presidio Trust is a wholly-owned government corporation created pursuant to Title I of the Omnibus Parks and Public Lands Act of 1996, Public Law 104–333, 110 Stat. 4097 (the Trust Act). Pursuant to section 103(b) of the Trust Act, the Secretary of the Interior transferred administrative jurisdiction to the Trust of all of Area B of the former Presidio Army Base, as shown on the map referenced in the statute, on July 1, 1998.

Section 104(j) of the Trust Act authorizes the Trust, “in consultation

with the Secretary [of the U.S. Department of the Interior], to adopt and to enforce those rules and regulations that are applicable to the Golden Gate National Recreation Area and that may be necessary and appropriate to carry out its duties and responsibilities” under the Trust Act. Consistent with that authority as well as regulations of the Council on Environmental Quality (CEQ) at 40 CFR 1507.3(a), the Trust has adopted interim procedures and guidelines for implementing NEPA, in consultation with CEQ. These interim procedures and guidelines consist of those of the National Park Service, to the extent they do not conflict with the Presidio Trust Act or regulations of the Presidio Trust. Notice of the Trust's adoption of these interim procedures was published in the **Federal Register** on September 14, 1998 (63 FR 49142). These interim procedures and guidelines will remain in effect until the Trust adopts final procedures and guidelines, as proposed herein, which will replace the interim procedures and guidelines in their entirety.

Prior to proposing these regulations, the Trust consulted with CEQ pursuant to its regulations, 40 CFR 1507.3(a). The Trust has also consulted with officials of the Department of the Interior and the National Park Service designated by the Secretary of the Interior to facilitate such consultation. The Trust anticipates that consultation with these and other interested entities will continue during the comment period on these proposed regulations.

The Trust is providing for a public comment period of 60 days on these regulations. All comments, including names and addresses, when provided, will be placed in the public record and made available for public inspection and copying. The Trust will consider each comment received within this period and then publish final regulations in the **Federal Register**. That promulgation will include a discussion of any comments received and any amendments made to these proposed regulations as a result of the comments.

Foundations of This Rulemaking

In drafting these proposed regulations, the Trust primarily consulted the NEPA procedures and guidelines of the National Park Service, the Department of Housing and Urban Development (HUD), and the former Pennsylvania Avenue Development Corporation (PADC), a wholly-owned government corporation that had responsibility for administering projects and property along the corridor from the White House to the Capitol in Washington, D.C.
