Notice of Availability (NOA); Final Environmental Impact Statement (FEIS) for the Proposed Disposal of the Volunteer Army Ammunition Plant (VAAP); Chattanooga, TN

Pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR parts 1500-1508), as implemented by General Services Administration (GSA), this Notice of Availability (NOA) for FEIS is announced. The proposed action is the disposal of all of real property associated with this government owned facility. The property consists of about 6,500 acres of land including buildings, industrial facilities and equipment, roadways, utilities, specialized facilities, easements, rights of way, and natural undeveloped land.

The FEIS addresses impacts of two alternatives considered: Disposal and No-Action (Continued Federal Ownership). The FEIS examined the short and long-term impacts to both natural environment and impacts to the surrounding community. The Disposal Alternative is further refined into a series of land use scenarios. These were developed with the input from the local community and through the scoping process. GSA has addressed comments on the Draft EIS in the FEIS.

The FEIS release date is July 30, 1999. After a 30-day period for final comment, GSA will issue a Record of Decision

(ROD). The decision on the proposed Disposal will be made 30 days after the release of the FEIS. GSA anticipates this decision will be rendered on August 30, 1999.

GSA solicits final comments in writing at the following address: Mr. Phil Youngberg, Regional Environmental Officer (4PT), General Services Administration (GSA), 401 West Peachtree Street, NW, Suite 3015, Atlanta, GA 30365; Fax: Mr. Phil Youngberg at 404-331-4540.

Dated: July 23, 1999.
