

I. Authority and Catalog of Federal Domestic Assistance Number

This program is authorized under section 21(a) of the Occupational Safety and Health Act [29 U.S.C. 670 (a)]. The Catalog of Federal Domestic Assistance number is 93.263.

J. Where To Obtain Additional Information

You may obtain Program Announcement 00012 from the CDC home page address on the Internet, <<http://www.cdc.gov>>. To receive additional written information and to request an application kit, call 1-888-GRANTS (1-888-472-6874).

You will be asked to leave your name and address and will be instructed to identify the announcement number of interest.

If you have questions after reviewing the contents of all documents, business management technical assistance may be obtained from: Sonia Phelix, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Announcement 00012, Centers for Disease Control and Prevention (CDC), 2920 Brandywine Road, Room 3000, Atlanta, GA 30341-4146, Telephone: (770) 488-2724, Email address: svp1@cdc.gov.

For program technical assistance, contact: Bernadine Kuchinski, Occupational Health Consultant, Office of Extramural Coordination and Special Projects, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention (CDC), 1600 Clifton Road, N.E., Mailstop D-40, Atlanta, Georgia 30341, telephone (404) 639-3342, Email address: bbk@cdc.gov.

Dated: July 23, 1999.

Diane D. Porter,

Acting Director, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention (CDC).

Advisory Committee for Energy-Related Epidemiologic Research, Subcommittee for Management Review of the Chernobyl Studies: Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC)

announces the following committee meeting.

Name: Advisory Committee for Energy-Related Epidemiologic Research (ACERER), Subcommittee for Management Review of the Chernobyl Studies.

Time and Date: 9 a.m.-5 p.m., August 12, 1999.

Place: Washington Court Hotel, 525 New Jersey Avenue, NW, Washington, D.C. 20001, telephone: (202) 628-2100, fax: (202) 879-7918.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 30 people.

Purpose: This subcommittee is charged with providing guidance to the scientific reviewers and staff, and reporting back to the full ACERER on the charge from the Department and Congress to assess the management, goals, and objectives of the National Cancer Institute (NCI) Chernobyl studies.

Matters To Be Discussed: Agenda items will include: a review of the National Cancer Institute's Management of Radiation Studies Hearing of September 16, 1998; a discussion of the approach to a site visit; and a review of the time line.

Agenda items are subject to change as priorities dictate.

The notice is being published less than 15 days prior to the meeting due to the difficulty of coordinating the attendance of members because of conflicting schedules.

For More Information Contact: Michael J. Sage, Deputy Director, Division of Environmental Hazards and Health Effects, National Center for Environmental Health, CDC, 4770 Buford Highway, NE, (F-28), Atlanta, Georgia 30341-3724, M/S F35 telephone 770/488-7300, fax 770/488-7310.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: July 26, 1999.

Carolyn J. Russell,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Citizens Advisory Committee on Public Health Service Activities and Research at Department of Energy (DOE) Sites: Idaho National Engineering and Environmental Laboratory Health Effects Subcommittee

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Agency for Toxic

Substances and Disease Registry (ATSDR) and the Centers for Disease Control and Prevention (CDC) announce the following meeting.

Name: Citizens Advisory Committee on Public Health Service Activities and Research at DOE Sites: Idaho National Engineering and Environmental Laboratory Health Effects Subcommittee (INEEL).

Times and Dates: 8:30 a.m.-5 p.m., September 14, 1999; 8 a.m.-5:15 p.m., September 15, 1999.

Place: Boise State University, Boise State Student Union Building, 1910 University Drive, Boise, Idaho 83725-1335, telephone 208/426-1677, fax 208/426-5222.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

Background: Under a Memorandum of Understanding (MOU) signed in December 1990 with the Department of Energy (DOE) and replaced by an MOU signed in 1996, the Department of Health and Human Services (HHS) was given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production use. HHS has delegated program responsibility to CDC.

In addition, a memo was signed in October 1990 and renewed in November 1992 between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles.

Purpose: This subcommittee is charged with providing advice and recommendations to the Director, CDC, and the Administrator, ATSDR, regarding community, American Indian Tribes, and labor concerns pertaining to CDC's and ATSDR's public health activities and research at this DOE site. The purpose of this meeting is to provide a forum for community, American Indian Tribal, and labor interaction, and serve as a vehicle for community concern to be expressed as advice and recommendations to CDC and ATSDR.

Matters To Be Discussed: Agenda items include a presentation from ATSDR on the preliminary public health assessment progress, and an update on the progress of current activities from the National Institute for Occupational Safety and Health. Agenda items are subject to change as priorities dictate.
