BILLING CODE 4810-25-M

DEPARTMENT OF THE TREASURY

Bureau of Alcohol, Tobacco and Firearms

[Notice No. 878]

The Department of the Treasury's Odor Recognition Proficiency Standard for Explosives Detection Canines (99R- 235P)

AGENCY: Bureau of Alcohol, Tobacco
and Firearms (ATF), Department of the
Treasury.

ACTION: Notice of availability.

SUMMARY: The Bureau of Alcohol,
Tobacco and Firearms (ATF) is
announcing the availability of the
Department of the Treasury's Odor
Recognition Proficiency Standard for
Explosives Detection Canines. The
standard has been revised using
solicited input and recommendations
from other Federal law enforcement

agencies that use explosives detection
canines. A copy of the standard is
available to all interested persons.

ADDRESSES: To receive a copy of the
Department of the Treasury's Odor
Recognition Proficiency Standard, send
a written request, on official law
enforcement or government letterhead,
to: Chief, Canine Operations Branch,
Bureau of Alcohol, Tobacco and
Firearms, 650 Massachusetts Avenue,
NW., Room 5100, Washington, DC
20226.

FOR FURTHER INFORMATION CONTACT:
Rhonda Bokorney, Chief, Canine
Operations Branch, Bureau of Alcohol,
Tobacco and Firearms, 650
Massachusetts Avenue, NW.,
Washington, DC 20226 (202-927-8680).

SUPPLEMENTARY INFORMATION:

Background

On September 30, 1996, the Omnibus
Consolidated Appropriations Act of
1997, Public Law 104-208, authorized
the Secretary of the Treasury to
establish a standard for explosives
detection canines. Section 653(a) of the
Act provides the following:

Authorization.—The Secretary of the
Treasury is authorized to establish scientific
certification standards for explosives
detection canines, and shall provide, on a
reimbursable basis, for the certification of
explosives detection canines employed by
Federal agencies, or other agencies providing
explosives detection services at airports in
the United States.

The Secretary of the Treasury
requested the Bureau of Alcohol,
Tobacco and Firearms (ATF) to develop
the standard. On September 29, 1997,
we published in the **Federal Register** a
notice announcing the establishment of
an odor recognition proficiency
standard for explosives detection
canines (Notice No. 97-101; 62 FR
50982). The standard included a
minimum odor recognition proficiency
test which could be used by agencies
that use detection canines. Copies of the
odor recognition proficiency standard
were available to all interested persons.

In Notice No. 97-101, we also stated
that the established odor recognition
proficiency standard would be further
tested and validated. Prior to its being
scientifically validated, the standard
was revised using solicited input and
recommendations from other Federal
law enforcement agencies that use
explosives detection canines.

From May 28, 1998, through February
1999, the Oak Ridge National
Laboratory, managed by Lockheed
Martin Energy Research Corporation for
the U.S. Department of Energy,
conducted an independent assessment
of the validity of the odor recognition
proficiency standard. On March 10,

1999, the Laboratory issued a final
report that concluded the standard and
test are valid for the measure of the
proficiency for detecting explosives
odors at the recognition and alerting
phase of training.

A copy of the revised Department of
the Treasury's Odor Recognition
Proficiency Standard is available to law
enforcement and government agencies.

Authority and Issuance: This notice is
issued under the authority in Sec. 653, Pub.
L. 104-208, 110 Stat. 3009.

Signed: July 23, 1999.

John W. Magaw,

Director.
