DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP99-584-000]

Koch Gateway Pipeline Company; Notice of Application

July 26, 1999.

Take notice that on July 16, 1999, Koch Gateway Pipeline Company (Koch), P.O. Box 1478, Houston, Texas

77521-1478, filed in Docket No. CP99-584-000 under section 7(c) of the Natural Gas Act, for authority to construct and operate 3.9 miles of 24-inch loop pipeline in Mobile County, Alabama, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.us/online/rims.htm>. Call 202-208-2222 for assistance. The name, address, and telephone number of the person to whom correspondence and communications concerning this application should be addressed is: Kyle Stephens, Director of Certificates, Koch Gateway Pipeline Company, P.O. Box 1478 Houston, Texas 77251-1478, Tel: (713) 544-7309, Fax: (713) 544-4818.

Koch states that the cost of the proposed facilities is \$6,095,000. Koch is proposing this construction so that it can transport 15,000 Dth per day (Dth/d) for Southern Services, Inc., (SCS) acting as agent for Alabama Power Company (APC). This gas will be used by APC to fuel gas fired electric generation facilities being constructed at Plant Barry. Gas will be provided to Koch for APC's account at primary receipts points by APC's upstream suppliers, these volumes will then be shipped by Koch to an interconnection with Bay Gas on Koch's Index 301-8-10 line. Bay Gas will then transport the volumes on its intrastate line to APC's Plant Barry. Koch states that the proposed looping will allow it to inject the additional 15,000 Dth/d into the system of Bay Gas for delivery to Plant Barry. Service on Koch's system for APC will be provided under its Rate Schedule FTS.

Any person desiring to participate in the hearing process or to make any protest with reference to said application should on or before August 16, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 385.214 or 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protest to the party or parties directly involved. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a

motion to intervene in accordance with the Commission's rules.

Any person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meeting associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in an subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required therein, if the Commission on its own review of the matter finds that grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Koch to appear or to be represented at the hearing.

David P. Boergers,
Secretary.
