

us identify the scope of issues to be addressed in the APEA. In addition to the public scoping meeting, PP&L is holding an "open house" that will feature information on project operation and existing project facilities as well as guided tours of the dam and lake. The open house is an ideal opportunity to meet the PP&L staff and informally discuss issues relating to the relicensing of the Lake Wallenpaupack Project.

Open House

Wednesday, September 1, 1999, 10:00 a.m.–3:00 p.m., Lake Wallenpaupack Conference Center, Hawley, PA

Evening Public Meeting

Wednesday, September 1, 1999, 7:00 p.m., Lake Wallenpaupack Area High School, Route 6, Hawley, PA

To help focus discussion, PP&L will mail Scoping Document 1 (SD1) outlining the subject areas to be addressed in the APEA to the parties on the PP&L mailing list. Copies of SD1 will also be available at the scoping meeting. Additionally, PP&L will mail an initial information package (IIP) that provides an in-depth description of the Wallenpaupack Project and surrounding environment.

Based on all written comments received, a Scoping Document 2 (SD2) may be issued. SD2 will include a revised list of issues, based on the scoping meeting.

Objectives

At the scoping meeting, PP&L will, with Commission staff's assistance: (1) Summarize the environmental issues tentatively identified for analysis in the APEA; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the APEA; (4) determine the resource issues to be addressed in the APEA; and (5) identify those resources that require a detailed study as well as those issues that do not require a detailed analysis.

Procedures

The meeting will be recorded by a stenographer and will become part of the formal record of the Commission's proceeding on the project. Individuals presenting statements at the meetings will be asked to sign in before the meeting starts and to clearly identify themselves for the record.

Individuals, organizations, and agencies with environmental expertise and concerns are encouraged to attend the public meeting and to assist staff in

defining and clarifying the issues to be addressed in the APEA.

Linwood A. Watson, Jr.,

Acting Secretary.
