Availability of the Environmental Assessment (EA) and Finding of No Significant Impact (FONSI) for Noise Abatement Measures at the Rickenbacker International Airport

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of availability of an environmental assessment (EA) and finding of no significant impact (FONSI).

SUMMARY: The Federal Aviation Administration (FAA) is issuing this notice to advise the public that the FAA Great Lakes Region has approved and signed the EA and FONSI for the permanent implementation of noise abatement measures at the Rickenbacker International Airport. These noise abatement measures decrease the noise of departing aircraft to approximately 100 homes east of the airport while increasing the noise to only one home northeast of the airport. The one impacted home is outside of the 65 DNL noise contour within the 60-65 DNL contour and should not be significantly impacted. However, the airport authority has elected to offer this one homeowner the same mitigation that is offered to homeowners within the 65 DNL contour.
