BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP99-594-000]

Texas Eastern Transmission Corporation; Notice of Application

August 5, 1999.

Take notice that on July 30, 1999, Texas Eastern Transmission Corporation (Texas Eastern), 5400 Westheimer Court, Houston, Texas 77056-5310, filed in Docket No. CP99-594-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon by sale to Mission Pipeline Company (Mission) pipeline facilities and appurtenances located in Hidalgo County, Texas, all as more fully set forth in the application on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/htm> (call 202-208-2222 for assistance).

Texas Eastern proposes to abandon by sale to Mission the Tabasco Facilities consisting of Line 16-A (18.45 miles of 8-inch line) and sublateral 16-A-1 (0.37 mile of 4-inch line). Texas Eastern states that the facilities were installed to gain access to supplies of natural gas from production fields in Hidalgo County and are connected to Texas Eastern's McAllen-Vidor Line, also in Hidalgo County.

Texas Eastern proposes to sell the facilities to Mission because the attached reserves are being depleted and the facilities are underutilized. It is stated that between June 1998 and May 1999, 23.95 percent of the capacity of the facilities has been utilized. It is asserted that acquisition of the facilities by Mission would provide Mission with access to additional gas supplies for the intrastate market. It is further asserted that Mission anticipates tying-in additional production which would lead to increased utilization of the facilities.

It is stated that Texas Eastern and Mission have agreed on a sale price of \$80,000, which is the net book value of the facilities as of October 31, 1999, plus incidental expenses not to exceed \$15,000.

Texas Eastern states that Mission is willing to provide service to all producers and other parties currently utilizing the facilities, and no customers would lose service as a result of the abandonment. Texas Eastern explains that Mission is concurrently filing a request for a declaratory order to exempt the facilities from Commission regulation.

Any questions regarding the application may be directed to Steven E. Tillman, Director of Regulatory Affairs, at P.O. Box 1642, Houston, Texas 77251-1642, (713) 627-5113.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 26, 1999, file with Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, rules otherwise advised, it will be

unnecessary for Texas Eastern to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.

Federal Energy Regulatory Commission

[Docket No. PR96-2-003]

Transok, LLC; Notice of Petition for Rate Approval

August 5, 1999.

Take notice that on July 23, 1999, Transok, LLC (Transok), submitted for filing a revised fuel tracker mechanism for its Traditional System. The revised method is intended to reduce year to year swings in the fuel percentage. Additionally, Transok states that the filing reflects a corrected classification of several of its compressors as transmission versus gathering. Transok proposes to reduce the current fuel percentage from 1.61% to 1.11%. Transok seeks an effective date of September 1, 1999.

Any person desiring to participate in this rate proceeding must file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed with the Secretary of the Commission on or before August 12, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make Protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this application are on file with the Commission and are available for public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call (202)-208-2222 for assistance).
