SMALL BUSINESS ADMINISTRATION

Small Business Size Regulations; Full Table of Small Business Size Standards

AGENCY: Small Business Administration.
ACTION: Notice of publication of full table of small business size standards.

SUMMARY: The U.S. Small Business Administration (SBA) is publishing a full table of small business size standards by four-digit Standard Industrial Classification (SIC) code. The table reflects changes made to size standards since publication of SBA's Small Business Size Regulations on January 31, 1996. This table does not create, establish or modify any size standards currently in existence. This table merely presents all four-digit SIC codes for which SBA has established a small business size standard as a convenient reference for users of SBA's size standards.

FOR FURTHER INFORMATION CONTACT: SBA Office of Size Standards at (202) 205-6618.

SUPPLEMENTARY INFORMATION: SBA is publishing below a full table of small business size standards in accordance with 13 CFR 121.101. On January 31, 1996, SBA published in the **Federal Register** (61 FR 3280) a Final Rule that clarified and streamlined its small business size standards and related eligibility requirements under 13 CFR Part 121, "Small Business Size Regulations." The simplification of SBA's Small Business Size Regulations reduced the apparent size of the table of small business size standards in § 121.201 by listing general size standards by SIC Division. Those standards apply to all industries in that Division except those two-digit major group or four-digit industry codes listed with other specific standards. This streamlined table eliminated the duplication of common industry size standards within a Division and reduced the Code of Federal Regulations by fourteen pages.

Since the January 31, 1996, publication of the streamlined size standards table in § 121.201, SBA has published two final rules in the **Federal Register** changing small business size standards. They are the following:
