§ 39.13 [Amended]

2. Section 39.13 is amended by adding a new airworthiness directive to read as follows:

Eurocopter France: Docket No. 98-SW-78-AD.

Applicability: Model AS 332C, L, and L1 helicopters, with epicyclic modules, part number 332A32–2007–00 or –01, with serial numbers with the prefix of “M”, from 100 through 689 or 3000 through 3048, installed, certificated in any category.

Note 1: This AD applies to each helicopter identified in the preceding applicability provision, regardless of whether it has been otherwise modified, altered, or repaired in the area subject to the requirements of this AD. For helicopters that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (c) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD, and, if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

Compliance: Required as indicated in paragraph DD of Eurocopter Service Bulletin No. 01.41, dated November 1995 (95±51) (SB), unless accomplished previously.

To prevent failure of the second stage planet gear of the main gearbox, loss of main rotor drive and subsequent loss of control of the helicopter, accomplish the following:

(a) Inspect each main gearbox epicyclic module upper casing bearing attachment bolt (attachment bolt) in accordance with paragraph CC of the SB.

(b) If any attachment bolt length is greater than 53 mm (2.086 inches), remove the epicyclic module and replace the epicyclic module with an airworthy epicyclic module before further flight.

(c) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, Rotorcraft Standards Staff, Rotorcraft Directorate, FAA. Operators shall submit their requests through an FAA Principal Maintenance Inspector, who may concur or comment and then send it to the Manager, Rotorcraft Standards Staff.

Note 2: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Rotorcraft Standards Staff.

(d) Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the helicopter to a location where the requirements of this AD can be accomplished.

Note 3: The subject of this AD is addressed in Direction Generale De L’Aviation Civile (France) AD 93–131–051(B)R1, dated January 18, 1998.

Issued in Fort Worth, Texas, on August 17, 1999.

Henry A. Armstrong,
Manager, Rotorcraft Directorate, Aircraft Certification Service.

[Docket No. RM99–10–000]

Revision of FERC Form No. 6: Annual Report of Oil Pipeline Companies; Notice of Revised Dates for the Technical Conference, Notification of Attendance and Written Comments

August 17, 1999.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Notice of Revised Dates for the Technical Conference, Notifying the Commission of Persons Who Wish to Attend the Conference, and Filing Written Comments on Revisions to FERC Form No. 6: Annual Report of Oil Pipeline Companies (FERC Form No. 6).

SUMMARY: On July 30, 1999, the Federal Energy Regulatory Commission (Commission) issued a Notice of Technical Conference to solicit comments and discuss potential changes to the FERC Form No. 6 to better meet current and future regulatory requirements and industry needs. Based on industry recommendations, the technical conference is being rescheduled for Tuesday, September 21, 1999, at 9:00 A.M., in Rooms 3M–2A and 3M–2B. Additionally, the dates for notifying the Commission of persons who wish to attend the conference and for filing written comments are extended to Wednesday, September 1, 1999. Refer to the Notice of Technical Conference the Commission issued on July 30, 1999, for details about the conference and for filing written comments.

DATES: The technical conference will be held on Tuesday, September 21, 1999. Notification of persons who wish to attend the conference must be filed on or before Wednesday, September 1, 1999.

Written comments must be filed on or before Wednesday, September 1, 1999.

ADDRESSES: The technical conference will be held at the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426. Submit written comments to: Office of the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426

Persons who wish to attend the conference must notify: Michael Oliva, (202) 219–2597, FAX: (202) 219–0125, E-Mail: michael.oliva@ferc.fed.us or Donna Culbertson, (202) 219–1102, FAX: (202) 219–0125, E-Mail: donna.culbertson@ferc.fed.us

FOR FURTHER INFORMATION CONTACT:

Andy Lyon (Legal Issues), Office of the General Counsel, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, (202) 208–0637

SUPPLEMENTARY INFORMATION: In addition to publishing the full text of this document in the Federal Register, the Commission also provides all interested persons an opportunity to inspect or copy the contents of this document during normal business hours in the Public Reference Room at 888 First Street, N.E., Room 2A, Washington, DC 20426.

The Commission Issuance Posting System (CIPS) provides access to the texts of formal documents issued by the Commission from November 14, 1994 to the present. CIPS can be accessed via Internet through FERC’s Home Page (http://www.ferc.fed.us) using the CIPS Link or the Energy Information Online icon. Documents will be available on CIPS in ASCII and WordPerfect 6.1 format. User assistance is available at 202–208–2474 or by E-mail to cipsmaster@ferc.fed.us.

This document is also available through the Commission’s Records and Information Management System (RIMS), an electronic storage and retrieval system of documents submitted to and issued by the Commission after November 16, 1981. Documents from November 1995 to the present can be viewed and printed. RIMS is available in the Public Reference Room or remotely via Internet through FERC’s Home Page using the RIMS link or the Energy Information Online icon. User assistance is available at 202–208–2222, or by E-mail to RimsMaster@ferc.fed.us.

Finally, the complete text on diskette in WordPerfect format may be purchased from the Commission’s copy...
