

to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before August 30, 1999. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Linwood A. Watson, Jr.,

Acting Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. TM99-1-8-001]

South Georgia Natural Gas Company; Notice of Compliance filing

August 19, 1999.

Take notice that on August 13, 1999, South Georgia Natural Gas Company (South Georgia) tendered for filing data analysis in compliance with a Commission Letter Order dated June 30, 1999 which accepted the primary sheets filed and directed South Georgia to report by August 15, 1999.

South Georgia states that they have conducted additional tests at the meter station, with gas flowing at delivery conditions. Based on these tests and analysis of system volume data by delivery point, South Georgia suspects that a strainer installed in April 1998, upstream of the meter, caused a mismeasurement of gas measured on that meter. The strainer design was unlike others on the South Georgia system and was removed in July 1999. Once the strainer was removed, the analysis of system volume data for the month of July appears to confirm the theory that this strainer was the source of the mismeasurement. In order to confirm this hypothesis, South Georgia plans to continue monitoring the monthly volume data at the meter run with the strainer removed. Following completion of further tests, South Georgia proposes to file a report with

the Commission within thirty days and no later than December 31, 1999.

South Georgia states that a copy of its filing was served on all of South Georgia's jurisdictional customers and interested state commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EC99-104-000, et al.]

Illinois Power Company, et al.; Electric Rate and Corporate Regulation Filings

August 17, 1999.

Take notice that the following filings have been made with the Commission:

1. Illinois Power Company AmerGen Energy Company, L.L.C.

[Docket Nos. EC99-104-000, ER99-754-001, ER99-4034-000, and EL99-83-000]

Take notice that on August 9, 1999, Illinois Power Company (Illinois Power) and AmerGen Energy Company, L.L.C. (AmerGen), tendered for filing a joint application under Section 203 of the Federal Power Act for authorization for Illinois Power to sell, and AmerGen to purchase, certain assets subject to the jurisdiction of the Federal Energy Regulatory Commission.

Comment date: September 8, 1999, in accordance with Standard Paragraph E at the end of this notice.

2. Southern California Edison Company

[Docket No. EC99-105-000]

Take notice that on August 10, 1999, Southern California Edison Company (SCE) tendered for filing in accordance

with Part 33 of the Federal Energy Regulatory Commission's Regulations (18 CFR 33), an application for authority to sell jurisdictional transmission facilities to the City of Anaheim, California. The transmission facilities primarily consist of metering and metering-related facilities at Lewis Substation. The proposed sale will have no effect on SCE's other jurisdictional facilities or services and is compatible with the public interest.

Copies of this filing were served upon the Public Utilities Commission of the State of California, the California Independent System Operator Corporation, and the City of Anaheim.

Comment date: September 9, 1999, in accordance with Standard Paragraph E at the end of this notice.

3. PP&L Montana, LLC

[Docket No. EG99-184-000]

Take notice that on August 10, 1999, PP&L Montana, LLC, 11250 Random Hills Road, Suite 400, Fairfax, Virginia 22030-6044, filed with the Federal Energy Regulatory Commission, an amendment to its application for determination of exempt wholesale generator status pursuant to Part 365 of the Commission's regulations (18 CFR Part 365).

PP&L Montana, LLC, a Delaware limited liability company, proposed to own and operate generating facilities in Montana being acquired from Montana Power Company. PP&L Montana, LLC filed its application for EWG status on July 1, 1999. In its amendment to the application, PP&L Montana, LLC clarified its intent to engage exclusively in the activities permitted for entities holding the status of an exempt wholesale generator pursuant to Section 32 of the Public Utility Holding Company Act of 1935.

Comment date: September 7, 1999, in accordance with Standard Paragraph E at the end of this notice. The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the amended application.

4. PP&L Montana, LLC

[Docket No. EG99-185-000]

Take notice that on August 10, 1999, PP&L Montana, LLC, 11250 Random Hills Road, Suite 400, Fairfax, Virginia 22030-6044, filed with the Federal Energy Regulatory Commission, an amendment to its application for determination of exempt wholesale generator status pursuant to Part 365 of the Commission's regulations (18 CFR Part 365).

PP&L Montana, LLC, a Delaware limited liability company, proposed to
