implemented provisions contained in Section 6003(a) of the Omnibus Budget Reconciliation Act of 1993, P.L. 103-66 and 103-121, which adds Section 9 to the Communications Act. Section 9 authorizes the FCC to assess and collect annual regulatory fees to recover costs incurred in carrying out its enforcement, policy and rulemaking activities and its user information services. Licensees and permittees may request a waiver of those fees. A number of requests for waiver are based on grounds of financial hardship but lack sufficient documentation to support a finding that a waiver should be granted. As a result, the FCC in ruling on Petitions for Reconsideration in the FY 1994 fee proceeding, the FCC set forth the types of documentation it will rely on to determine if waivers should be granted because of financial hardship, in order to give guidance to parties requesting waivers. Where parties have filed insufficient information with their FY 194 waiver requests, the FCC will afford them an opportunity to perfect their

waiver requests by making the showing. The information will be used by FCC staff to determine if a party is entitled to a waiver of its obligation to pay the annual regulatory fee. It will be filed annually, but only by those parties who request waivers of their obligations to pay the fee because of financial hardship.
