**AGENCY:** Office of the Secretary, DoD.

**ACTION:** Notice of updated mental health per diem rates.

**SUMMARY:** This notice provides for the updating of hospital-specific per diem rates for high volume providers and regional per diem rates for low volume providers; the updated cap per diem for

high volume providers; the beneficiary per diem cost-share amount for low volume providers for FY 2000 under the TRICARE Mental Health Per Diem Payment System; and the updated per diem rates for both full-day and half-day TRICARE Partial Hospitalization Programs for fiscal year 2000. It also corrects partial hospitalization per diem rates for fiscal year 1999 that were published September 28, 1998.

**EFFECTIVE DATE:** The fiscal year 2000 rates contained in this notice are effective for services occurring on or after October 1, 1999.

**FOR FURTHER INFORMATION CONTACT:** Stan Regensberg, Office of Medical Benefits and Reimbursement Systems, TRICARE Management Activity, telephone (303) 676-3742.

**SUPPLEMENTARY INFORMATION:** The final rule published in the **Federal Register** on September 6, 1988, (53 FR 34285) set forth reimbursement changes that were effective for all inpatient hospital admissions in psychiatric hospitals and exempt psychiatric units occurring on or after January 1, 1989. The final rule published in the **Federal Register** on July 1, 1993, (58 FR 35-400) set forth maximum per diem rates for all partial hospitalization admissions on or after September 29, 1993. Included in these final rules were provisions for updating reimbursement rates for each federal fiscal year. As stated in the final rules, each per diem shall be updated by the Medicare update factor for hospitals and units exempt from the Medicare Prospective Payment System. For fiscal year 2000, Medicare has recommended a rate of increase of 2.9 percent for hospitals and units excluded from the prospective payment system. TRICARE will adopt this update factor for FY 2000 as the final update factor. Hospitals and units with hospital-specific rates (hospitals and units with high TRICARE volume) and regional specific rates for psychiatric hospitals and units with low TRICARE volume will have their TRICARE rates for FY 2000 updated by 2.9 percent for FY 2000. Partial hospitalization rates for full day and half day programs will also be updated by 2.9 percent for FY 2000. The cap amount for high volume hospitals and units will also be updated by the 2.9 percent for FY 2000. The beneficiary cost-share of low volume hospitals and units will also be updated by the 2.9 percent for FY 2000. Consistent with Medicare, the wage portion of the regional rate subject to the area wage adjustment will remain at 71.1 percent for FY 2000. The following reflect an update of 2.9 percent.
