

provide to the Office of Management and Budget (OMB) a description of the extent of EPA's prior consultation with representatives of affected State, local, and Tribal governments, the nature of their concerns, copies of any written communications from the governments, and a statement supporting the need to issue the regulation. In addition, Executive Order 12875 requires EPA to develop an effective process permitting elected officials and other representatives of State, local, and Tribal governments to provide meaningful and timely input in the development of regulatory proposals containing significant unfunded mandates." Today's action does not create an unfunded Federal mandate on State, local, or Tribal governments. This action does not impose any enforceable duties on these entities. Accordingly, the requirements of section 1(a) of Executive Order 12875 do not apply to this action.

#### B. Executive Order 13084

Under Executive Order 13084, entitled "Consultation and Coordination with Indian Tribal Governments" (63 FR 27655, May 19, 1998), EPA may not issue a regulation that is not required by statute, that significantly or uniquely affects the communities of Indian tribal governments, and that imposes substantial direct compliance costs on those communities, unless the Federal government provides the funds necessary to pay the direct compliance costs incurred by the Tribal governments. If the mandate is unfunded, EPA must provide OMB, in a separately identified section of the preamble to the rule, a description of the extent of EPA's prior consultation with representatives of affected Tribal governments, a summary of the nature of their concerns, and a statement supporting the need to issue the regulation. In addition, Executive Order 13084 requires EPA to develop an effective process permitting elected and other representatives of Indian tribal governments "to provide meaningful and timely input in the development of regulatory policies on matters that significantly or uniquely affect their communities." Today's action does not significantly or uniquely affect the communities of Indian tribal governments. This action does not involve or impose any requirements that affect Indian Tribes. Accordingly, the requirements of section 3(b) of Executive Order 13084 do not apply to this action.

With adoption of the Report and Order contained in MM Docket No. 94-150, 92-51 and 87-154 on August 5, 1999, the Commission has revised its broadcast ownership attribution rules. The attribution rules define what constitutes a "cognizable interest" for purposes of applying the ownership rules. In the Report and Order, the Commission adopted (1) an equity/debt plus attribution rule that would narrow, but not eliminate, the current exemptions from attribution for nonvoting stock and debt, as well as the single majority shareholder exemption; (2) attribute certain television local market agreements (LMA) and modify the radio LMA rules; (3) retain the 5% voting stock benchmark, but raise the passive investor voting stock benchmark to 20%; (4) eliminate the cross-interest policy; and (5) attribute limited liability companies and other new business forms under the same attribution rules that apply to limited partnerships.

*The FCC Form 316 has been revised to reflect the rules adopted in the Report and Order. There will be an increase in burden on respondents to provide the new information.*

The data is used by FCC staff to determine if the applicant is qualified to become a Commission licensee or permittee of a commercial or noncommercial broadcast station and to carry out the provisions of Section 310(d) of the Communications Act of 1934, as amended.
