#### Continuation of Antidumping Duty Order: Sebacic Acid From the People's Republic of China

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of continuation of antidumping duty order: Sebacic acid from the People's Republic of China.

**SUMMARY:** On April 7, 1999, the Department of Commerce ("the Department"), pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended ("the Act"), determined that revocation of the antidumping duty order on sebacic acid from the People's Republic of China would likely to lead to continuation or recurrence of dumping (64 FR 16910 (April 7, 1999)). On May 19, 1999, the International Trade Commission ("the Commission"), pursuant to section 751(c) of the Act, determined that revocation of the antidumping duty order on sebacic acid from the People's Republic of China would likely to lead to continuation or

recurrence of material injury to an industry in the United States within a reasonably foreseeable time (64 FR 27297 (May 19, 1999)). Therefore, pursuant to 19 CFR 351.218(f)(4), the Department is publishing notice of the continuation of the antidumping duty order on sebacic acid from the People's Republic of China.

**FOR FURTHER INFORMATION CONTACT:** Scott E. Smith or Melissa G. Skinner, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Ave., NW, Washington, DC 20230; telephone: (202) 482-6397 or (202) 482-1560, respectively.

**EFFECTIVE DATE:** May 26, 1999.

#### Background

On December 2, 1998, the Department initiated, and the Commission instituted, a sunset review (63 FR 66527 and 63 FR 66567, respectively) of the antidumping duty order on sebacic acid from the People's Republic of China pursuant to section 751(c) of the Act. As a result of this review, the Department found that revocation of the antidumping duty order would likely lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margin likely to prevail were the order to be revoked (see Final Results of Expedited Sunset Review: Sebacic Acid from the People's Republic of China, 64 FR 16910 (April 7, 1999)).

On May 19, 1999, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on sebacic acid from the People's Republic of China would likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (*see Sebacic acid from the People's Republic of China*, 64 FR 27297 (May 19, 1999) and USITC Pub. 3189, Inv. No. 731-TA-653 (Review) (May 1999)).

#### Scope

The merchandise covered by this antidumping duty order is all grades of sebacic acid, a dicarboxylic acid with the formula (CH<sub>2</sub>)<sub>8</sub>(COOH)<sub>2</sub>, which include but are not limited to CP Grade (500ppm maximum ash, 25 maximum APHA color), Purified Grade (1000ppm maximum ash, 50 maximum APHA color), and Nylon Grade (500ppm maximum ash, 70 maximum ICV color), from the People's Republic of China. The principal difference between the grades is the quantity of ash and color. Sebacic acid contains a minimum of 85

percent dibasic acids of which the predominant species is the C10 dibasic acid. Sebacic acid is sold generally as a free-flowing powder/flake. Sebacic acid has numerous industrial uses, including the production of nylon 6/10 (a polymer used for paintbrush and toothbrush bristles and paper machine felts), plasticizers, esters, automotive coolants, polyamides, polyester castings and films, inks and adhesives, lubricants, and polyurethane castings and coatings. Sebacic acid is currently classifiable under subheading 2917.13.00.00 of the Harmonized Tariff Schedule (HTS). The HTS subheading/ item number is provided for convenience and customs purposes. The written product description of the scope of this proceeding remains dispositive.

**Determination**

As a result of the determinations by the Department and the Commission that revocation of this antidumping duty order would likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty order on sebacic acid from the People's Republic of China. The Department will instruct the U.S. Customs Service to continue to collect antidumping duty deposits at the rate in effect at the time of entry for all imports of subject merchandise. Pursuant to section 751(c)(6)(A)(iii) of the Act, any subsequent five-year review of this order will be initiated not later than the fifth anniversary of the effective date of continuation of this order.

Normally, the effective date of continuation of a finding, order, or suspension agreement will be the date of publication in the **Federal Register** of the Notice of Continuation. As provided in 19 CFR 351.218(f)(4), the Department normally will issue its determination to continue a finding, order, or suspended investigation not later than seven days after the date of publication in the **Federal Register** of the Commission's determination concluding the sunset review and immediately thereafter will publish its notice of continuation in the **Federal Register**. In the instant case, however, the Department's publication of the Notice of Continuation was delayed. The Department has explicitly

indicated that the effective date of continuation of this order is May 26, 1999, seven days after the date of publication in the **Federal Register** of the Commission's determination. As a result, pursuant to sections 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of this order not later than April 2004.

Dated: August 26, 1999.
