### Federal Energy Regulatory Commission

[Docket No. GT99-65-000]

#### Wyoming Interstate Company, Ltd.; Notice of Cancellation of Tariff

August 27, 1999.

Pursuant to Section 154.602 of the Commission's Regulations, Wyoming Interstate Company, Ltd. (WIC) filed on August 23, 1999, a Notice of Cancellation of its FERC Gas Tariff, First Revised Volume No. 1. WIC proposes that effective October 1, 1999, First Revised Volume No. 1 of the FERC Gas Tariff of Wyoming Interstate Company, Ltd. is to be canceled.

WIC states that as an open-access pipeline operating under Order No. 636, it has two tariffs: First Revised Volume No. 1 and Second Revised Volume No. 2. First Revised Volume No. 1 provides a tariff for individually-certificated service for WIC's original shippers. Second Revised Volume No. 2 is a tariff that satisfies the requirements of open-access transportation and Order No. 636.

WIC states that when the Commission originally certificated the WIC

transmission facilities, the Commission also certificated the transportation service agreements supporting the project. Because WIC is a project-financed pipeline, the Commission took into consideration WIC's loan obligations pursuant to project-financing. These obligations required that the original shippers receive individually-certificated service pursuant to WIC's Volume No. 1 Tariff. WIC states that it has received authorization to abandon its original Volume No. 1 obligations. WIC states that it has executed Volume No. 2 agreements effective August 1, 1999, to replace the Volume No. 1 obligations.

WIC states that cancellation of WIC's Volume No. 1 tariff will reduce the administrative burden on WIC and shippers associated with maintaining and monitoring multiple tariffs, that it has received lender approval to cancel its Volume No. 1 Tariff, and that all agreements were converted to "open access" service effective August 1, 1999, pursuant to 18 CFR 157.217. Therefore, effective August 1, 1999, WIC has no transportation service under its Volume No. 1 Tariff.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. ### Federal Energy Regulatory Commission

[Docket No. RP99-478-000]

#### Wyoming Interstate Company, Ltd.; Notice of Tariff Filing

August 27, 1999.

Take notice that on August 23, 1999, Wyoming Interstate Company, Ltd. (WIC) PO box 1087, Colorado Springs, Colorado 80944, tendered for filing to become part of its FERC Gas Tariff, Second Revised Volume No. 2, the tariff sheets listed in Appendix A of the filing to be effective October 1, 1999.

WIC states that in an order that issued February 25, 1999 in Docket No. RP99-215, the Federal Energy Regulatory Commission (Commission) accepted tariff sheets filed by WIC on January 29, 1999, that revised WIC's Second Revised Volume No. 2, Rate Schedules FT and IT. WIC further states it revised the pro forma service agreements to provide for specific examples of volume related discounts and by including this additional information in its tariff, it was seeking to avoid the need for filing individual discount agreements on the grounds that they contain "material deviations" from the pro forma service agreements.

WIC states that consistent with filings that have been made recently by other pipelines, it proposes to revise its pro forma service agreements again to reflect one additional example of volume-related discount as follows: Transporter and shipper may agree that a specified discount rate will apply in a specified relationship to the quantities actually delivered (*i.e.*, that the rates shall be adjusted in a specified relationship to quantities actually delivered).

WIC further states that copies of this compliance filing have been served on WIC's jurisdictional customers and public bodies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with §§ 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with § 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are
