

ACTION: Proposed rule and request for comment.

SUMMARY: The EPA (also, "the Agency" in this preamble) is proposing to grant final authorization to the hazardous waste program revisions submitted by the State of Louisiana Department of Environmental Quality (LDEQ) for its hazardous waste program revisions, specifically, revisions needed to meet the Resource Conservation and Recovery Act (RCRA) Cluster VII, which contains Federal rules promulgated between July 1, 1996 to June 30, 1997. In the "Rules and Regulations" section of this **Federal Register** (FR), EPA is authorizing the State's program revisions as an immediate final rule without prior proposal because the EPA views this action as noncontroversial and anticipates no adverse comments. The Agency has explained the reasons for this authorization in the preamble to the immediate final rule. If the EPA does not receive adverse written comments, the immediate final rule will become effective and the Agency will not take further action on this proposal. If the EPA receives adverse written comments, a second **Federal Register** document will be published before the time the immediate final rule takes effect. The second document may withdraw the immediate final rule or identify the issues raised, respond to the comments and affirm that the immediate final rule will take effect as scheduled. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received on or before October 4, 1999.

ADDRESSES: Mail written comments to Alima Patterson, Region 6, Regional Authorization Coordinator, Grants and Authorization Section (6PD-G), Multimedia Planning and Permitting Division, at the address shown below. You can examine copies of the materials submitted by the State of Louisiana during normal business hours at the following locations: EPA Region 1445

AGENCY: Coast Guard, DOT.

ACTION: Correction to Notice of meeting; request for comments.

SUMMARY: This document contains corrections to the notice of meeting and request for comments [USCG-1999-5951], which was published on July 22, 1999 (64 FR 39455). The meeting was held on August 26, 1999. The purpose of the public meeting was to discuss potential revisions to the Offshore Supply Vessel (OSV) regulations. The meeting focused on the possible establishment of International Tonnage Convention (ITC) tonnage values for OSVs; additional standards for larger OSVs including licensing and manning; and standards for crewboats as a new category of OSVs. Because the Coast Guard also requests written comments from interested public on this issue, this

document clarifies the docket number for this project where interested persons can submit their comments. The proper docket number is "USCG-1999-5951."

FOR FURTHER INFORMATION CONTACT: For information concerning this notice or public meeting, contact Mr. James Magill, Project Manager, Office of Operating and Environmental Standards (G-MSO), U.S. Coast Guard Headquarters, telephone 202-267-1082 or LT Charles Srioudom, Office of Operating and Environmental Standards (G-MSO), U.S. Coast Guard Headquarters, telephone 202-267-2498. For questions on viewing, or submitting material to the docket, contact Dorothy Walker, Chief, Documentary Services Division, U.S. Department of Transportation, telephone 202-366-9329.

SUPPLEMENTARY INFORMATION:

Need for Correction

As published, the notice of meeting and request for comments used three separate docket numbers that may prove to be confusing and misleading, and is in need of correction.

Correction of Publication

Accordingly, the publication on July 22, 1999, of the notice of meeting; request for comments (64 FR 39455) is corrected as follows:

1. On page 39455, in the third column, under **ADDRESSES:** section, third paragraph, remove the docket number "(USCG-1999-4974)", and add in its place, the docket number "(USCG-1999-5951)".

2. On page 39456, in the first column, under "Request for comments" section, remove the docket number "(USCG-1999-XXXX)", and add in its place, the docket number "(USCG-1999-5951)".

Dated: August 27, 1999.

Joseph J. Angelo,

Director of Standards, Marine Safety and Environmental Protection.
