

DEPARTMENT OF THE INTERIOR**Office of Surface Mining Reclamation and Enforcement****30 CFR Part 901**

[SPATS No. AL-070-FOR]

Alabama Regulatory Program**AGENCY:** Office of Surface Mining Reclamation and Enforcement, Interior.**ACTION:** Proposed rule; public comment period and opportunity for public hearing.

SUMMARY: The Office of Surface Mining Reclamation and Enforcement (OSM) is announcing receipt of an amendment to the Alabama regulatory program (Alabama program) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA). Alabama proposes revisions to statutes concerning the repair or compensation for material damage caused by subsidence, resulting from underground coal mining operations, to any occupied residential dwelling and related structures or any noncommercial building. Alabama proposed to revise its program at its own initiative.

This document gives the times and locations that the Alabama program and the amendment to that program are available for your inspection, the comment period during which you may submit written comments on the amendment, and the procedures that will be followed for the public hearing, if one is requested.

DATES: We will accept written comments until 4:00 p.m., c.d.t., October 7, 1999. If requested, we will hold a public hearing on the amendment on October 4, 1999. We will accept requests to speak at the hearing until 4:00 p.m., c.d.t. on September 22, 1999.

ADDRESSES: You should mail or hand deliver written comments and requests to speak at the hearing to Arthur W. Abbs, Director, Birmingham Field Office, at the address listed below.

You may review copies of the Alabama program, the amendment, a listing of any scheduled public hearings, and all written comments received in response to this document at the addresses listed below during normal business hours, Monday through Friday, excluding holidays. You may receive one free copy of the amendment by contacting OSM's Birmingham Field Office.

Arthur W. Abbs, Director, Birmingham Field Office, Office of Surface Mining, 135 Gemini Circle, Suite 215,

Homewood, Alabama 35209,
Telephone: (205) 290-7282.

Alabama Surface Mining Commission,
1811 Second Avenue, P.O. Box 2390,
Jasper, Alabama 35502-2390,
Telephone (205) 221-4130.

FOR FURTHER INFORMATION CONTACT:

Arthur W. Abbs, Director, Birmingham Field Office. Telephone: (205) 290-7282. Internet: aabbs@balgw.osmre.gov.

SUPPLEMENTARY INFORMATION:**I. Background on the Alabama Program**

On May 20, 1982, the Secretary of the Interior conditionally approved the Alabama program. You can find background information on the Alabama program, including the Secretary's findings, the disposition of comments, and the conditions of approval in the May 20, 1982, **Federal Register** (47 FR 22062). You can find later actions on the Alabama program at 30 CFR 901.15 and 901.16.

II. Description of the Proposed Amendment

By letter dated August 17, 1999 (Administrative Record No. AL-0589), Alabama sent us an amendment to its program under SMCRA. Alabama sent the amendment at its own initiative. Alabama proposes to amend the Alabama Surface Mining Control and Reclamation Act. Below is a summary of the changes proposed by Alabama. The full text of the program amendment is available for your inspection at the locations listed above under **ADDRESSES**.

A. Alabama proposes to revise section 9-16-91(e)(1) to read as follows:

(1) Promptly repair or compensate for material damage to any occupied residential dwelling and related structures or any noncommercial building caused by surface subsidence resulting from underground coal mining operations. Repair of damage shall include rehabilitation, restoration, or replacement of the damaged occupied residential dwelling and related structures or noncommercial building. Compensation shall be provided to the owner of the damaged occupied residential dwelling and related structures or noncommercial building which shall be in the full amount of the diminution in value resulting from subsidence caused damage. Compensation may be accomplished by the purchase, prior to mining, of a non-cancelable premium-prepaid insurance policy.

B. Alabama proposes to revise section 9-16-91(e)(3) to read as follows:

(3) Promptly correct any material damage resulting from subsidence caused to surface lands, to the extent technologically and economically feasible, by restoring the land to a condition capable of maintaining the value and reasonably foreseeable uses that it was capable of supporting before subsidence.

C. Alabama proposes to revise section 9-16-91(e)(4) to read as follows:

(4) The regulatory authority shall issue such notices or orders and take such actions as necessary to compel compliance with these requirements.

D. Alabama proposes to revise section 9-16-91(f) to read as follows:

(f) Notwithstanding any other provision in this chapter to the contrary, the remedies prescribed in this section or any rule promulgated under authority of this chapter pertaining to repair or compensation for subsidence damage and replacement of water shall be the sole and exclusive remedies available to the owner for such damage and its effects. Neither punitive damages nor, except as specifically prescribed in this section or any rule promulgated under authority of this chapter pertaining to repair or compensation for subsidence damage and replacement of water, compensatory damages shall be awarded for subsidence damage caused by longwall mining or other mining process employing a planned subsidence method and conducted in substantial compliance with a permit issued under authority of this chapter. Nothing in this chapter shall prohibit agreements between the surface owner and the mineral owner or lessee that establish the manner and means by which repair or compensation for subsidence damage is to be provided. However, the remedies prescribed for subsidence damage shall not be diminished or waived by contrary provisions in deeds, leases, or documents (other than such subsidence damage agreements) which leave the owner without such prescribed remedies. Provided, however, the provisions of this subsection do not apply to any actions brought for, and in which the trier of the fact finds, intentional, willful, or wanton conduct; provided further, that conduct in substantial compliance with applicable mining permits may not be deemed to be intentional, willful, or wanton.

III. Public Comment Procedures

Under the provisions of 30 CFR 732.17(h), we are requesting comments on whether the amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If we approve the amendment, it will become part of the Alabama program.

Written Comments

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the administrative record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the administrative record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this

prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Your written comments should be specific and pertain only to the issues proposed in this rulemaking. You should explain the reason for any recommended change. In the final rulemaking, we will not necessarily consider or include in the Administrative Record any comments received after the time indicated under **DATES** or at locations other than the Birmingham Field Office.

Please submit Internet comments as an ASCII file avoiding the use of special characters and any form of encryption. Please also include "Attn: SPATS No. AL-070-FOR" and your name and return address in your Internet message. If you do not receive a confirmation that we have received your Internet message, contact the Birmingham Field Office at (205) 290-7282.

Public Hearing

If you wish to speak at the public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4:00 p.m., c.d.t. on September 22, 1999. We will arrange the location and time of the hearing with those persons requesting the hearing. If you are disabled and need special accommodations to attend a public hearing, contact the individual listed under **FOR FURTHER INFORMATION CONTACT**. The hearing will not be held if no one requests an opportunity to speak at the public hearing.

You should file a written statement at the time you request the hearing. This will allow us to prepare adequate responses and appropriate questions. The public hearing will continue on the specified date until all persons scheduled to speak have been heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We

will end the hearing after all persons scheduled to speak and persons present in the audience who wish to speak have been heard.

Public Meeting

If only one person requests an opportunity to speak at a hearing, a public meeting, rather than a public hearing, may be held. If you wish to meet with us to discuss the amendment, request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings are open to the public and, if possible, we will post notices of meetings at the locations listed under **ADDRESSES**. We also make a written summary of each meeting a part of the Administrative Record.

IV. Procedural Determinations

Executive Order 12866

The Office of Management and Budget (OMB) exempts this rule from review under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12988

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each such program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15, and 732.17(h)(10), decisions on State regulatory programs and program amendments must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

National Environmental Policy Act

This rule does not require an environmental impact statement since

section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The State submittal which is the subject of this rule is based upon corresponding Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Therefore, this rule will ensure that existing requirements previously published by OSM will be implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the corresponding Federal regulations.

Unfunded Mandates

OSM has determined and certifies under the Unfunded Mandates Reform Act (2 U.S.C. 1502 *et seq.*) that this rule will not impose a cost of \$100 million or more in any given year on local, state, or tribal governments or private entities.

List of Subjects in 30 CFR Part 901

Intergovernmental relations, Surface mining, Underground mining.

Dated: August 30, 1999.

Brent Wahlquist,

Regional Director, Mid-Continent Regional Coordinating Center.
