Morgan J. Langan; Notice of Availability of Draft Environmental Assessment

September 1, 1999.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) regulations, the Office of Hydropower Licensing has reviewed the application requesting the Commission's authorization to surrender the exemption from licensing for the existing Trinity Alps Hydroelectric Project, located on Trinity Alps Creek in Trinity County, California, and has prepared a Draft Environmental Assessment (DEA) for the proposed action.

In the DEA, Commission staff concludes that approval of the subject surrender of exemption from licensing would not produce any significant adverse environmental impacts; consequently, the proposal would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the DEA can be viewed at the Commission's Public Reference Room, Room 2A, 888 First Street, N.E., Washington, DC 20426, or by calling (202) 208-1371. The DEA also may be viewed on the Web at www.ferc.fed.us/online/rims.htm. Call (202) 208-2222 for assistance.

Any comments on the DEA should be filed within 45 days from the date of this notice and should be addressed to David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. Please affix "Trinity Alps Project Surrender of Exemption from Licensing, Project No. 4737-005" to all comments. For further information, please contact Jim Haimes at (202) 219-2780.
