#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The Marine Mammal Protection Act (MMPA), the Fur Seal Act and the Endangered Species Act (ESA) prohibit the taking, import, and export of marine mammals with certain exceptions. Respondents will be applicants for and holders of scientific research and enhancement permits, commercial and educational photograph permits, public display permits for captures and first-time imports, and General Authorizations for Level B scientific research projects. Applicants wanting a permit or authorization to take, import or export must provide certain information to be used as a basis for

determining whether a permit or authorization should be issued. Permit holders and authorized researchers under the General Authorization are required to report periodically on activities conducted, species taken, and to update information as necessary on any marine mammals held captive for purposes of maintaining the marine mammal inventory as required under the 1994 Amendments to the MMPA.

##### II. Method of Collection

The collection of information will be in the form of applications, annual and final reports, and notifications responding to requirements in regulations and instructions; no forms are required.

##### III. Data

*OMB Number:* 0648-0084

*Form Number:* N/A

*Type of Review:* Regular submission

*Affected public:* Non-profit institutions; state, local, or tribal government; businesses or other for-profit; and Federal government. The majority of the affected public will be from the scientific research community, photographic journalists, and public display facilities.

*Estimated Number of Respondents:* 570

*Estimated Time Per Response:* 29 hours for permit applications for scientific research (SR), enhancement (EN), public display (PD), Letters of Intent under the General Authorization (GA), and major amendments to permits; 10 hours for applications for photography permits; 3 hours for minor amendments and requests for changes under the GA; 2 hours for requests for the retention or transfer of nonreleasable rehabilitated marine mammals; 12 hours each for reports for SR, EN or projects under the GA; and 2 hours for recordkeeping needs. Public display reports and annual recordkeeping are each estimated at 2 hours. Photography annual reports and recordkeeping are each estimated at 2 hours. Notifications of transports and submission of Marine Mammal Data Sheets have been estimated at one hour and one-half hour, respectively.

*Estimated Total Annual Burden Hours:* 6,295

*Estimated Total Annual Cost to Public:* \$580

##### IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the

agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and /or included in the request for OMB approval of this information collection; they also will become a matter of public record.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 et. seq.) imposed prohibitions against the taking of endangered species. Section 10 of the ESA allows permits authorizing the taking of endangered species for research/enhancement purposes. The corresponding regulations established procedures for persons to apply for such permits. In addition, the regulations set forth specific reporting requirements for such permit holders.

The required information is used to evaluate the impacts of the proposed activity on endangered species, to make the determinations required by the ESA prior to issuing a permit, and to establish appropriate permit conditions. In order to issue permits as under ESA section 10(a)(1)(A), NMFS must determine that (1) such exceptions were applied for in good faith, (2) if granted and exercised will not operate to the disadvantage of such endangered species, and (3) will be consistent with the purposes and policy set forth in section 2 of the ESA.

##### II. Method of Collection

The collection of information will be in the form of applications, annual reports, and final reports responding to requirements in regulations and instructions; no forms are required.
