Foreign-Trade Zones Board

[Docket 45–99]

Foreign-Trade Zone 27—Boston, MA; Application for Subzone. J. Baker, Inc. (Distribution of Apparel, Footwear and Accessories), Canton, MA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Massachusetts Port Authority (Boston, MA), grantee of FTZ 27, requesting special–purpose subzone status for the apparel, footwear and accessories warehousing/distribution facilities of J. Baker, Inc., located in Canton, MA, some 22 miles south of Boston. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 7, 1999.

The Baker facilities are located at 330 Turnpike Street (750,000 sq. ft. on 30.7 acres) and 555 Turnpike Street (45,850 sq. ft. on 4.16 acres). There are 800 employees at the two facilities. The facilities are used for storage, inspection, finishing, packaging and distribution of a wide variety of apparel, footwear and accessories such as neckties, belts, hosiery, gloves and novelty items. About 65 percent of the products are sourced from abroad and over 5 percent are exported. No authority is being sought for activity conducted under FTZ procedures that would result in a change in tariff classification.

Zone procedures would exempt Baker from Customs duty payments on foreign products that are reexported. On its domestic sales, the company would be able to defer duty payments until merchandise is shipped from the plant. The application indicates that the savings from zone procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been appointed examiner to investigate the application and report to the Board.
