Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission’s Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission’s Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice for such hearing will be duly given.

Transcontinental Gas Pipe Line Corporation; Notice of Request Under Blanket Authorization
September 7, 1999.
Take notice that on September 3, 1999, Transcontinental Gas Pipe Line Corporation (Transco), filed a request with the Commission in Docket No. CP–99–612–000, pursuant to Sections 157.205 and 157.216(b) of the Commission’s Regulations under the Natural Gas Act (NGA) for authorization to abandon by sale an existing delivery meter station in Rockingham County, North Carolina, referred to as the “Cardinal Meter Station”, authorized in a blanket certificate issued in Docket No. CP82–426–000, all as more fully set forth in the request on file with the Commission and open to public inspection. This filing may be viewed on the web at http://www.ferc.gov/online/rims.htm (call 202–208–2222 for assistance).

Transco proposes to abandon the Cardinal Meter Station (meter station) by sale to Cardinal Pipeline Company, LLC (Cardinal Pipeline). Cardinal, a Hinshaw pipeline whose rates and service are subject to regulation by the North Carolina Utilities Commission, would own and operate the meter station as part of its pipeline system and would continue to use the meter station to measure gas delivered by Transco. Transco reports that the meter station is used for deliveries of gas to Cardinal Pipeline for the account of Public Service Company of North Carolina, Inc. and Piedmont Natural Gas Company, Inc. Transco states that both Cardinal Pipeline and Piedmont have consented to the proposed abandonment. Transco states that the proposed abandonment would have no impact on Transco’s peak day deliveries and little or no impact on Transco’s annual deliveries.

Any person or the Commission’s staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission’s Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Secretary.
