ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 272

[FRL-6422-2]

Hazardous Waste Management Program: Final Authorization and Incorporation by Reference of State Hazardous Waste Management Program for Texas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to incorporate by reference in part 272 of Title 40 of the Code of Federal Regulations (CFR) EPA's approval of the Texas Natural Resource Conservation Commission's (TNRCC) hazardous waste regulations for Resource Conservation and Recovery Act Clusters II, III and IV and to approve its revisions to that program submitted by the State of Texas. The EPA will incorporate by reference into the CFR those provisions of the State statutes and regulations that are authorized and federally enforceable. In the "Rules and Regulations" section of this **Federal Register** (FR), the EPA is codifying and incorporating by reference the State's

hazardous waste program as an immediate final rule without prior proposal because EPA views this action as noncontroversial and anticipates no adverse comments. A detailed rationale for approving the State's request is set forth in the immediate final rule. If the EPA does not receive adverse written comments, the immediate final rule will become effective and the Agency will not take further action on this proposal. If the EPA receives adverse written comments, a second FR document will be published before the time the immediate final rule takes effect. The second document may withdraw the immediate final rule or identify the issues raised, respond to the comment and affirm that the immediate final rule will take effect as scheduled. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments on this proposed rule must be received on or before October 14, 1999.

ADDRESSES: Written comments may be mailed to Alima Patterson, Region 6 Authorization Coordinator, Grants and Authorization Section (6PD-G), Multimedia Planning and Permitting Division, at the address shown below. Copies of the materials submitted by TNRCC may be examined during normal business hours at the following locations: EPA Region 6 Library, 12th Floor, 1445 Ross Avenue, Dallas, Texas 75202-2733, (214) 665-6444; or the Texas Natural Resource Conservation Commission, 1700 N. Congress Avenue, Austin, TX 70711-3087, (512) 239-1000.

FOR FURTHER INFORMATION CONTACT: Alima Patterson at (214) 665-8533.

SUPPLEMENTARY INFORMATION:

For additional information see the immediate final rule published in the rules section of this **Federal Register**.

SUPPLEMENTARY INFORMATION:

A. Background

This rule proposes amendments to DFARS 212.503, 212.504, 225.7019-2, and 252.225-7016 to address the applicability of domestic source restrictions to contracts and subcontracts for the acquisition of commercial items and commercial components. The rule specifies that the domestic source restrictions in 10 U.S.C. 2534 and annual defense appropriations acts are inapplicable if the restricted foreign goods are components of commercial items or commercial components being acquired. The rule also removes the Trade Agreements Act (19 U.S.C. 2512) and the Buy American Act (41 U.S.C. 10) from the list of laws that are inapplicable to subcontracts for the acquisition of commercial items, since the Trade Agreements Act and the Buy American Act apply to end items only.

This proposed rule supersedes the proposed rule published at 62 FR 59641 on November 4, 1997 (DFARS Case 97-D028), pertaining to commercial ball or roller bearings that are components of
