

reviewers of draft environment impact statements must structure their participation in the Environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519,553 (1978). Also environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages v. Harris*, 490 F. Supp.-1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the scoping comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in developing issues and alternatives.

To assist the Forest Service in identifying and considering issues on the proposed action, comments should be as specific as possible. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

The responsible official for this environmental impact statement is David M. Campbell, West Fork District Ranger. His address is West Fork Ranger District, Bitterroot National Forest, 6735 West Fork Road, Darby, Montana 59829. He will decide which, if any, of the proposed actions will be implemented and will document the decision and reasons for the decision in a Record of Decision. That decision will be subject to Forest Service Appeal Regulations.

Dated: September 9, 1999.

Jeff Amoss,

Acting Forest Supervisor, Bitterroot National Forest.

Natural Resources Conservation Service

Dry Run Watershed, Allegany County, Maryland

AGENCY: USDA, Natural Resources Conservation Service.

ACTION: Notice of a Finding of No Significant Impact.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR part 1500); and the Soil Conservation Service Regulations (7 CFR part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Dry Run Watershed, Allegany County, Maryland.

FOR FURTHER INFORMATION CONTACT: David D. Doss, State Conservationist, USDA-Natural Resources Conservation Service, 339 Busch's Frontage Road, Suite 301, Annapolis, Maryland 21401-5534, Telephone (410) 757-0861; fax (410) 757-0687.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, David P. Doss, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project proposed are flood control and watershed protection. The planned works of improvement include floodplain acquisition and stream restoration.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting David P. Doss.

No administrative action or implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under NO. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials)

David P. Doss,
State Conservationist.
