FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted to OMB for Review and Approval

September 13, 1999.

SUMMARY: The Federal Communications Commissions, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before October 20, 1999. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commission, Room 1-A804, 445 12th Street, S.W., Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the

information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0209.

Title: Section 73.1920, Personal Attacks.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 698.

Estimate Time Per Response: 30 mins.

Frequency of Response: On occasion reporting requirements.

Total Annual Burden: 349.

Total Annual Costs: None.

Needs and Uses: During the presentation of views on a controversial issue of public importance, an attack may be made upon the honesty, character, integrity, or like personal qualities of an identified person or group. Section 73.1920 requires that a licensee of a broadcast station must transmit to the person or group attacked, a notification of the date, time, and identification of the broadcast of a personal attack, a script or tape of the attack, and an offer of a reasonable opportunity to respond to the attack over the licensee's facilities. These data are used to notify a person or group that a personal attack has been made and to afford that person or group attacked, an opportunity to respond to the attack over the licensee's facilities.

OMB Control Number: 3060-0648.

Title: Section 21.902, Frequency.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 1,824.

Estimate Time Per Response: 15 mins. (0.25 hrs.).

Frequency of Response: On occasion reporting requirements; Third party disclosure.

Total Annual Burden: 456 hours.

Total Annual Costs: \$491,250.

Needs and Uses: Section 21.902(b)(5) requires that respondents engineer the MDS station to limit the calculated free space power flux density at the boundary of the protected service area (PSA). As an alternative, the respondent may obtain the written consent on the entity authorized for the adjoining area when the calculated free space power flux density exceeds the standard. Section 21.902(g)(2) requires applicants with 35 mile PSA to notify in writing the holders of authorizations for adjoining basic trading areas (BTAs) or PSAs of the application filings for modified station licenses, provided the

proposed facility would produce an unobserved signal path to any location within the adjoining BTA or PSA. This service must include a copy of the application and occur on or before the date the application is filed with the Commission. Section 21.902(i) requires each applicant for a new station or modified MDS, or amendment thereof, to provide notice of its application to cochannel and adjacent-channel authorized ITFS stations within 50 miles. The ITFS study must be prepared and served on the affected ITFS station, but is not required to be filed as part of the MDS application. Each applicant is required to file a written notice with the Commission before the 30th day after the applicant or amendment is initially filed with the Commission. This notice must contain the items specified in Section 21.902(i)(4). Section 21.902(i)(6) requires that a petition to deny filed by an ITFS licensee contain specific information. The requirements contained in Section 21.902(c), (f), (g), (j), and (k) have OMB approval under separate control numbers. The data are used to ensure that no harmful interference is caused to other authorized stations.

Federal Communications Commission.
