[Docket Number 990809210-9210-01]

Voluntary Product Standard; DOC PS 20-99 "American Softwood Lumber Standard"

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) announces voluntary product standard DOC PS 20-99 "American Softwood Lumber Standard" is to supersede DOC PS 20-94. The Standard establishes standard sizes and requirements for developing and coordinating the lumber grades of the various species of softwood lumber, the assignment of design values, and the preparation of grading rules applicable to each species. Its provisions include implementation of the Standard through an accreditation and certification program; establishment of principal trade classifications and lumber sizes for yard, structural, factory/shop use; classification, measurement, grading and grade-marking of lumber; definitions of terms and procedures to provide a basis for the use of uniform methods in the grading, inspection, measurement and description of softwood lumber; commercial names of the principal softwood species; definitions of terms used in describing standard grades of lumber; and commonly used industry abbreviations. The Standard also includes the organization and functions of the American Lumber Standard

Committee, the Board of Review, and the National Grading Rule Committee.

DATES: DOC PS 20-99 "American Softwood Lumber Standard," a voluntary product standard developed under Department of Commerce procedures, becomes effective September 1, 1999, for products produced thereunder on and after that date. The standard being superseded, DOC PS 20-94 "American Softwood Lumber Standard," is effective for products produced thereunder through August 1, 1999.

ADDRESSES: Requests for a copy of DOC PS 20-99 should be submitted to the Technical Standards Activities program, NIST, 100 Bureau Drive Stop 2150, Gaithersburg, MD 20899-2150.

FOR FURTHER INFORMATION CONTACT:

Barbara M. Meigs, Technical Standards Activities Program, telephone: 301-975-4025, fax: 301-926-1559, e-mail: barbara.meigs@nist.gov.

SUPPLEMENTARY INFORMATION: DOC PS 20-99 "American Softwood Lumber Standard" was developed by the American Lumber Standard Committee, the Standing Committee responsible for maintaining DOC PS 20-94. The revision was processed in accordance with provisions of Department "Procedures for the Development of Voluntary Product Standards" (15 CFR Part 10, as amended; 51 FR 119 dated June 20, 1986). A notice, which appeared in the **Federal Register** on February 1, 1999 (54 FR 4844-4845), announced NIST's circulation of the revision for public review and comment and provided the history of the revision.

An analysis of the results of the comments and responses received by NIST indicated that the revision was supported by a consensus (general concurrence and, in addition, no substantive objection deemed valid by the Department); therefore, in accordance with DOC procedures, DOC PS 20-99 supersedes DOC PS 20-94, effective September 1, 1999. The new edition reflects efforts toward updating and improving the presentation of DOC PS 20 with clarification and simplification of text and terms while maintaining the technical requirements and administrative structure for implementing and enforcing the Standard.

Authority: 15 USC 272.

Dated: September 16, 1999.
