Science Advisory Board; Emergency Notification of Public Advisory Committee Meeting

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Science Advisory Board's (SAB) Environmental Engineering Committee (EEC) will conduct a public teleconference meeting on Thursday, October 7, 1999, between the hours of 1 and 3 p.m. Eastern Time.

The meeting will be coordinated through a conference call connection in room 6450E Ariel Rios North (6th Floor), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC. The public is encouraged to attend the meeting through a telephonic link, but may attend physically. Additional instructions about how to participate in the conference call can be obtained by

calling Ms. Mary Winston at (202) 564-4538, and via e-mail at: winston.mary@epa.gov by noon Tuesday, October 5.

During this meeting the Environmental Engineering Committee plans to: (1) Summarize the Committee's FY99 activities and the Agency's responses, (2) introduce new members, (3) consider potential FY00 activities, and possibly (4) decide which activities to undertake in FY00. The Committee will not be conducting a review on October 7, nor will it be considering any subcommittee reports.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information concerning the meeting or wishing to submit written comments should contact Kathleen White Conway, Designated Federal Officer for the Environmental Engineering Committee, Science Advisory Board, (1400A), U.S. Environmental Protection Agency, Washington DC 20460; telephone (202) 564-4559; and via e-mail at: conway.kathleen@epa.gov. Oral comments will not be taken at this meeting as no reviews are taking place. For this meeting, written comments will be accepted for an additional 15 calendar days following the meeting. Please address such comments to Ms. Conway. There will be opportunity for oral or written comment on issues of interest at formal review meetings planned for later dates (these will be announced in the **Federal Register**, or information can be obtained from Ms. Conway).

Additional information concerning the Science Advisory Board, its structure, function, and composition, may be found on the SAB Website (<http://www.epa.gov/sab>) and in *The Annual Report of the Staff Director* which is available from the SAB Publications Staff at (202) 564-4533 or via fax at (202) 501-0256.

MEETING ACCESS: Individuals requiring special accommodation at this teleconference meeting, including wheelchair access to the conference room, should contact Ms. Winston at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: September 21, 1999.

Donald G. Barnes,

Staff Director, Science Advisory Board.

[FRL-6442-6]

Proposed CERCLA Prospective Operator Agreement for the Bofors Nobel Site

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposal of CERCLA Prospective Operator Agreement for the Bofors Nobel Site.

SUMMARY: In accordance with the Comprehensive Environmental Response, Compensation and Liability Act of 1980, ("CERCLA"), 42 U.S.C. 9601 *et seq.*, as amended, notice is hereby given that EPA proposes to enter into a prospective operator agreement ("POA") for the Bofors Nobel Site ("the Site") located in Muskegon, Michigan, that has been executed by Camus Water Technologies LLC ("Camus"). The proposed POA has been submitted to the Attorney General for approval. The proposed POA would resolve certain potential claims of the United States under sections 106 and 107 of CERCLA, 42 U.S.C. 9606 and 9607, against Camus. Under the proposed POA, Camus would receive access to operate the groundwater treatment plant located at this NPL Site. Camus will treat contaminated groundwater that is extracted as part of the remedial action EPA has selected for the site. Camus may also make treated groundwater available to Sun Chemical of Michigan LLC ("Sun") and Lomac LLC ("Lomac") for use as process water. Sun and Lomac are located in the immediate vicinity of the groundwater treatment plant. The proposed POA would protect Camus from CERCLA liability for already existing contamination at the Site as long as Camus does not exacerbate such contamination.

DATES: Comments on the proposed POA must be received by EPA on or before October 25, 1999.

ADDRESSES: Comments on the proposed POA should be addressed to Thomas J. Krueger, Office of Regional Counsel (C-14J), U.S. EPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Thomas J. Krueger, Associate Regional Counsel, at (312) 886-0562. A 30 day period, commencing on the date of publication of this document, is open for comments on the proposed POA. Comments should be sent to the addressee identified in this document. A copy of the proposed POA is available for review at U.S. EPA Region 5, 77
