

limitations on a six-month rolling average basis.

Also required are semiannual reports, and quarterly reports of instances of excess emissions. The owner or operator subject to the provisions of this part shall maintain a file of these measurements, and retain the file for at least two years following the date of such measurements. Responses to this collection of information are mandatory and are being collected to assure compliance with 40 CFR Part 60 subpart HHH. All reports are sent to the delegated State or Local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA Regional Office. These notifications, reports, and records are essential in determining compliance.

Approximately 30 sources are currently subject to the standard, and it is estimated that an additional 1 source per year will become subject to the standard in the next three years.

The required information consists of emissions data and other information that have been determined not to be private. However, any information submitted to the Agency for which a claim of confidentiality is made will be safeguarded according to the Agency policies set forth in Title 40, Chapter 1, part 2, subpart B—Confidentiality of Business Information (see 40 CFR 2; 41 FR 36902, September 1, 1976; amended by 43 FR 40000, September 8, 1978; 43 FR 42251, September 20, 1978; 44 FR 17674, March 23, 1979). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on June 4, 1999 (64 FR 30011). No comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 31 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and

requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners/Operators of Synthetic Fiber Production Facilities.

Estimated Number of Respondents: 31.

Frequency of Response: Initial, quarterly, semiannual

Estimated Total Annual Hour Burden: 2,696

Estimated Total Annualized Capital, O&M Cost Burden: \$228,300

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 1156.08 and OMB Control No. 2060-0059 in any correspondence. Public Water System Supervision Program Revision for the State of North Carolina

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Notice is hereby given that the State of North Carolina is revising its approved Public Water System Supervision Program. North Carolina has adopted drinking water regulations establishing administrative penalty authority and defining a public water system. EPA has determined that the administrative penalty authority revisions meet all minimum federal requirements, and that the public water system definition revisions are no less stringent than the corresponding federal

regulations. Therefore, EPA has tentatively decided to approve these State program revisions.

DATES: All interested parties may request a public hearing. A request for a public hearing must be submitted by October 27, 1999 to the Regional Administrator at the address shown below. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public hearing is made by October 27, 1999, a public hearing will be held. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become final and effective on October 27, 1999. Any request for a public hearing shall include the following information: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing. (2) A brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such hearing. (3) The signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

North Carolina Department of Environment and Natural Resources, Public Water Supply Section, Parker-Lincoln Building, 2728 Capital Boulevard, Raleigh, North Carolina 27604.

Environmental Protection Agency, Region 4, Drinking Water Section, 61 Forsyth Street, SW, Atlanta, Georgia 30303.

FOR FURTHER INFORMATION CONTACT: Dale Froneberger, EPA Region 4, Drinking Water Section at the Atlanta address given above (telephone 404-562-9446).

Authority: (Section 1401 and section 1413 of the Safe Drinking Water Act, as amended (1996), and 40 CFR part 142).

Dated: September 16, 1999.

A. Stanley Meiburg,

Acting for Regional Administrator, Region 4.
