Fish and Wildlife Service

50 CFR Part 20

RIN 1018-AF24

Migratory Bird Hunting; Late Seasons and Bag and Possession Limits for Certain Migratory Game Birds

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: This rule prescribes the hunting seasons, hours, areas, and daily bag and possession limits for general waterfowl seasons and those early seasons for which States previously deferred selection. Taking of migratory birds is prohibited unless specifically provided for by annual regulations. This rule permits the taking of designated species during the 1999–2000 season.

DATE: This rule takes effect on October 1, 1999.

ADDRESSES: You may inspect comments during normal business hours in room 634, Arlington Square Building, 4401 N. Fairfax Drive, Arlington, Virginia.

FOR FURTHER INFORMATION CONTACT: Jonathan Andrew, Chief, or Ron W. Kokel, Office of Migratory Bird Management, U.S. Fish and Wildlife Service, (703) 358–1714.

SUPPLEMENTARY INFORMATION:**Regulations Schedule for 1999**

On May 3, 1999, we published in the **Federal Register** (64 FR 23742) a proposal to amend 50 CFR part 20. The proposal dealt with the establishment of seasons, limits, and other regulations for migratory game birds under § 20.101 through 20.107, 20.109, and 20.110 of subpart K. On June 17, we published in the **Federal Register** (64 FR 32758) a second document providing supplemental proposals for early- and late-season migratory bird hunting regulations frameworks and the proposed regulatory alternatives for the 1999–2000 duck hunting season. The June 17 supplement also provided detailed information on the 1999–2000 regulatory schedule and announced the Service Migratory Bird Regulations Committee and Flyway Council meetings.

On June 22–23, we held meetings that reviewed information on the current status of migratory shore and upland game birds and developed 1999–2000 migratory game bird regulations recommendations for these species plus regulations for migratory game birds in Alaska, Puerto Rico, and the Virgin

Islands; special September waterfowl seasons in designated States; special sea duck seasons in the Atlantic Flyway; and extended falconry seasons. In addition, we reviewed and discussed preliminary information on the status of waterfowl as it relates to the development and selection of the regulatory packages for the 1999–2000 regular waterfowl seasons. On July 22, we published in the **Federal Register** (64 FR 39460) a third document specifically dealing with the proposed frameworks for early-season regulations for the 1999–2000 duck hunting season. The July 22 supplement also established the final regulatory alternatives for the 1999–2000 duck hunting season.

On August 3–4, 1999, we held meetings, as announced in the May 3 and June 17 **Federal Registers**, to review the status of waterfowl. On August 27, 1999, we published a fourth document (64 FR 47048) which dealt specifically with proposed frameworks for the 1999–2000 late-season migratory bird hunting regulations. On August 27, 1999, we also published a fifth document (64 FR 47072) containing final frameworks for early migratory bird hunting seasons from which wildlife conservation agency officials from the States, Puerto Rico, and the Virgin Islands selected early-season hunting dates, hours, areas, and limits for the 1999–2000 season. On August 31, 1999, we published in the **Federal Register** (64 FR 47418) a sixth document consisting of a final rule amending subpart K of title 50 CFR part 20 to set hunting seasons, hours, areas, and limits for early seasons. We published final late-season frameworks for migratory game bird hunting regulations, from which State wildlife conservation agency officials selected late-season hunting dates, hours, areas, and limits for 1999–2000 in a seventh document in the September 27, 1999, **Federal Register**.

The final rule described here is the eighth and final in the series of proposed, supplemental, and final rulemaking documents for migratory game bird hunting regulations for 1999–2000 and deals specifically with amending subpart K of 50 CFR part 20 to set hunting seasons, hours, areas, and limits for species subject to late-season regulations and those for early seasons that States previously deferred.

NEPA Consideration

NEPA considerations are covered by the programmatic document, “Final Supplemental Environmental Impact Statement: Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (FSSES 88–14),” filed with the Environmental

Protection Agency on June 9, 1988. We published a Notice of Availability in the **Federal Register** on June 16, 1988 (53 FR 22582). We published our Record of Decision on August 18, 1988 (53 FR 31341). Copies are available from the address indicated under the caption **ADDRESSES**.

Endangered Species Act Considerations

As in the past, we design hunting regulations to remove or alleviate chances of conflict between migratory game bird hunting seasons and the protection and conservation of endangered and threatened species. We conducted consultations to ensure that actions resulting from these regulatory proposals will not likely jeopardize the continued existence of endangered or threatened species or result in the destruction or adverse modification of their critical habitat. Findings from these consultations are included in a biological opinion and may have caused modification of some regulatory measures previously proposed. Final frameworks reflect any modifications. The biological opinions resulting from Section 7 consultation are public documents available for inspection in either the Service’s Division of Endangered Species or MBMO, at the address indicated under the caption **ADDRESSES**.

Executive Order (E.O.) 12866

Collectively, the rules covering the overall frameworks for migratory bird hunting are economically significant and have been reviewed by the Office of Management and Budget (OMB) under E.O. 12866. This rule is a small portion of the overall migratory bird hunting frameworks and was not individually submitted and reviewed by OMB under E.O. 12866.

Regulatory Flexibility Act

These regulations have a significant economic impact on substantial numbers of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). We analyzed the economic impacts of the annual hunting regulations on small business entities in detail and issued a Small Entity Flexibility Analysis (Analysis) in 1998. The Analysis documented the significant beneficial economic effect. The primary source of information about hunter expenditures for migratory game bird hunting is the National Hunting and Fishing Survey, which is conducted at 5-year intervals. The Analysis was based on the 1996 National Hunting and Fishing Survey and the U.S. Department of Commerce’s County Business Patterns from which it

was estimated that migratory bird hunters would spend between \$429 and \$1,084 million at small businesses in 1998. Copies of the Analysis are available upon request.

Small Business Regulatory Enforcement Fairness Act

This rule is a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. For the reasons outlined above, this rule has an annual effect on the economy of \$100 million or more. However, because this rule establishes hunting seasons, we do not plan to defer the effective date under the exemption contained in 5 U.S.C. 808(1).

Paperwork Reduction Act

We examined these regulations under the Paperwork Reduction Act of 1995. We utilize the various recordkeeping and reporting requirements imposed under regulations established in 50 CFR Part 20, Subpart K, in the formulation of migratory game bird hunting regulations. Specifically, OMB has approved the information collection requirements of the Migratory Bird Harvest Information Program and assigned clearance number 1018-0015 (expires 09/30/2001). This information is used to provide a sampling frame for voluntary national surveys to improve our harvest estimates for all migratory game birds in order to better manage these populations.

A Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Unfunded Mandates Reform Act

We have determined and certify in compliance with the requirements of the Unfunded Mandates Act, 2 U.S.C. 1502 *et seq.*, that this rulemaking will not impose a cost of \$100 million or more in any given year on local or State government or private entities.

Civil Justice Reform—Executive Order 12988

The Department, in promulgating this rule, has determined that these regulations meet the applicable standards provided in Sections 3(a) and 3(b)(2) of Executive Order 12988.

Takings Implication Assessment

In accordance with Executive Order 12630, these rules, authorized by the Migratory Bird Treaty Act, do not have significant takings implications and do not affect any constitutionally protected property rights. These rules will not result in the physical occupancy of property, the physical invasion of property, or the regulatory taking of any property. In fact, these rules allow hunters to exercise privileges that would be otherwise unavailable; and, therefore, reduce restrictions on the use of private and public property.

Federalism Effects

Due to the migratory nature of certain species of birds, the Federal government has been given responsibility over these species by the Migratory Bird Treaty Act. We annually prescribe frameworks from which the States make selections and employs guidelines to establish special regulations on Federal Indian reservations and ceded lands. This process preserves the ability of the States and Tribes to determine which seasons meet their individual needs. Any State or Tribe may be more restrictive than the Federal frameworks at any time. The frameworks are developed in a cooperative process with the States and the Flyway Councils. This allows States to participate in the development of frameworks from which they will make selections, thereby having an influence on their own regulation. These rules do not have a substantial direct effect on fiscal capacity, change the roles or responsibilities of Federal or State governments, or intrude on State policy or administration. Therefore, in accordance with Executive Order 12612, these regulations do not have significant federalism effects and do not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Government-to-Government Relationship With Tribes

In accordance with the President's memorandum of April 29, 1994, "Government-to-Government Relations with Native American Tribal Governments" (59 FR 22951) and 512 DM 2, we have evaluated possible effects on Federally recognized Indian

tribes and have determined that there are no effects.

Regulations Promulgation

The rulemaking process for migratory game bird hunting must, by its nature, operate under severe time constraints. However, we intend that the public be given the greatest possible opportunity to comment on the regulations. Thus, when the preliminary proposed rulemaking was published, we established what we believed were the longest periods possible for public comment. In doing this, we recognized that when the comment period closed, time would be of the essence. That is, if there were a delay in the effective date of these regulations after this final rulemaking, the States would have insufficient time to implement their selected season dates and limits and start their seasons in a timely manner.

We therefore find that "good cause" exists, within the terms of 5 U.S.C. 553(d)(3) of the Administrative Procedure Act, and these regulations will, therefore, take effect immediately upon publication. Accordingly, with each conservation agency having had an opportunity to participate in selecting the hunting seasons desired for its State or Territory on those species of migratory birds for which open seasons are now prescribed, and consideration having been given to all other relevant matters presented, certain sections of title 50, chapter I, subchapter B, part 20, subpart K, are hereby amended as set forth below.

List of Subjects in 50 CFR Part 20

Exports, Hunting, Imports, Reporting and recordkeeping requirements, Transportation, Wildlife.

Dated: September 15, 1999.

Assistant Secretary for Fish and Wildlife and Parks.

PART 20—[AMENDED]

For the reasons set out in the preamble, the Service amends title 50, chapter I, subchapter B, part 20, subpart K as follows:

1. The authority citation for part 20 continues to read as follows:

Authority: 16 U.S.C. 703-712; and 16 U.S.C. 742 a-j.

BILLING CODE 4310-55-P

Note - The following annual regulations provided for by §§20.104, 20.105, 20.106, 20.107, and 20.109 of 50 CFR part 20 will not appear in the Code of Federal Regulations because of their seasonal nature.

CHECK STATE REGULATIONS FOR ADDITIONAL RESTRICTIONS AND DELINEATIONS OF GEOGRAPHICAL AREAS. SPECIAL RESTRICTIONS MAY APPLY ON FEDERAL AND STATE PUBLIC HUNTING AREAS AND FEDERAL INDIAN RESERVATIONS.

2. Section 20.104 is amended by adding the entries for the following States in alphabetical order to read as follows:

§20.104 Seasons, limits, and shooting hours for rails, woodcock, and common snipe.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset, except as otherwise restricted by State regulations. Area descriptions were published in the August 27 and September 27 Federal Registers.

NOTE: The following seasons are in addition to the seasons published previously in the August 31, 1999, Federal Register (64 FR 47416).

(16) In New Mexico, the rail daily bag and possession limits are 10.

(17) In Arizona, Ashurst Lake in Unit 5B is closed to common snipe hunting.

3. In Section 20.105, paragraphs (a), (b), and (f) are amended by adding the entries for the following States in alphabetical order and paragraph (e) is revised to read as follows:

§20.105 Seasons, limits, and shooting hours for waterfowl, coots, and gallinules.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset, except as otherwise restricted by State regulations. Area descriptions were published in the August 27 and September 27 Federal Registers.

(a) Common Moorhens and Purple Gallinules (Atlantic, Mississippi, and Central Flyways)

NOTE: The following seasons are in addition to the seasons published previously in the August 31, 1999, Federal Register (64 FR 47418). The zones named in this paragraph are the same as those used for setting duck seasons.

Definitions

The Atlantic Flyway: includes Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, and West Virginia.

The Mississippi Flyway: includes Alabama, Arkansas, Illinois, Indiana, Iowa, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Ohio, Tennessee, and Wisconsin.

The Central Flyway: includes Colorado (east of the Continental Divide), Kansas, Montana (Blaine, Carbon, Fergus, Judith Basin, Stillwater, Sweetgrass, Wheatland, and all counties east thereof), Nebraska, New Mexico (east of the

Continental Divide except that the Jicarilla Apache Indian Reservation is in the Pacific Flyway), North Dakota, Oklahoma, South Dakota, Texas, and Wyoming (east of the Continental Divide).

The Pacific Flyway: includes the States of Arizona, California, Colorado (west of the Continental Divide), Idaho, Montana (including and to the west of Hill, Chouteau, Cascade, Meagher, and Park Counties), Nevada, New Mexico (the Jicarilla Apache Indian Reservation and west of the Continental Divide), Oregon, Utah, Washington, and Wyoming (west of the Continental Divide including the Great Divide Basin).

Light Geese: includes lesser snow (including blue) geese, greater snow geese, and Ross' geese.

Dark Geese: includes Canada geese, white-fronted geese, emperor geese, brant (except in California, Oregon, Washington, and the entire Atlantic Flyway) and all other geese except light geese.

ATLANTIC FLYWAY

Flyway-wide Restrictions

Duck Limits: The daily bag limit of 6 ducks may include no more than 4 mallards (2 hen mallards), 3 scaup, 1 black duck, 1 pintail, 1 canvasback, 1 mottled duck, 2 wood ducks, 2 redheads, and 1 fulvous tree duck. The possession limit is twice the daily bag limit.

Harlequin Ducks: All areas of the Flyway are closed to harlequin duck hunting.

Merganser Limits: The merganser limits include no more than 1 hooded merganser daily and 2 in possession.

- (1) In Arkansas, shooting hours for Canada geese are one-half hour before sunrise to noon.
- (2) Harvest of Canada geese will be limited by quotas established in the September 27, 1999, Federal Register. When it has been determined that the quota of Canada geese allotted to the Northern Illinois, Central Illinois, Southern Illinois and Rend Lake Quota Zones in Illinois, Posey County in Indiana, the Ballard and Henderson-Union Subzones in Kentucky, the Allegan County, Muskegon Wastewater, Saginaw County, and Tuscola/Huron Goose Management Units in Michigan, the Lac Qui Parle Zone in Minnesota, the Northwest and Kentucky/Barkley Lakes Zones in Tennessee, and the Exterior Zone in Wisconsin will have been filled, the season for taking Canada geese in the respective zone (and associated area, if applicable) will be closed by either the Director upon giving public notice through local information media at least 48 hours in advance of the time and date of closing, or by the State through State regulations with such notice and time (not less than 48 hours) as they deem necessary.
- (3) In Illinois, shooting hours for geese in the Southern Illinois and Rend Lake Quota Zones through January 28 shall close at 3 p.m., except that if the Canada goose season closes early due to the quota being reached, shooting hours for all other geese shall close at sunset beginning the day after Canada goose season closes.
- (4) In Illinois, brant season will close with Canada goose seasons if the season closes early due to the quota being reached.
- (5) In Louisiana, during the Canada goose season, a special permit is required by the State.
- (6) In Michigan, the daily bag limit includes no more than 1 hen mallard.
- (7) In Michigan, the seasons for white-fronted geese, brant, and light geese are as follows: In the Allegan County GMU and the Muskegon Wastewater GMU, the season runs concurrently with the Canada goose season. In the remainder of the State, the seasons open concurrently with the duck seasons and run continuously through the end of the duck seasons.
- (8) In Minnesota, the daily bag limit is 15 and the possession limit is 30 coots and moorhens in the aggregate.
- (9) In Minnesota, in the Lac Qui Parle Zone, seasons for white-fronted geese, brant, and light geese are open only when the Canada goose season is open.
- (10) In Missouri, the daily bag limit may include no more than 5 mergansers only 1 of which may be hooded.

- (1) In Arizona, the daily limit may include no more than either 2 female mallards or 2 Mexican-like ducks, or 1 of each; and not more than 4 female mallards and Mexican-like ducks, in the aggregate, may be in possession.
- (2) In Arizona, in Yuma County, La Paz County, Game Management Units 13B, 15, and that portion of Unit 16 lying within Mohave County, the bag and possession limit is 3 and 6 for Canada geese and 3 and 6 for light geese, respectively.
- (3) In California, the daily bag limit for cackling geese is 1.
- (4) In Idaho, the season on light geese is closed in Fremont and Teton Counties.
- (5) In Montana, check State regulations for special seasons/exceptions in Freezeout Lake WMA; Canyon Ferry; Flathead, Deer Lodge County; and Missoula County.
- (6) In Nevada, there is no open season on light geese in Ruby Valley within Elko and White Pine Counties, White River Valley of Nye County, and Pahranagat Valley of Lincoln County.
- (7) In New Mexico, the bag limit is 1 common moorhen daily and 2 in possession; there is no open season on the purple gallinule.
- (8) In Oregon, the Northwest Special Permit Zone is closed to all goose hunting, except for designated areas. See State regulations for specific boundary descriptions, times, days, and other conditions of the special permit season.
- (9) In Oregon, that portion of Coos, Curry, and Douglas Counties west of US 101 is closed to all Canada goose hunting.
- (10) In Utah, the shooting hours are 8:00 a.m. to sunset on October 2 in Cache, Salt Lake, Davis, Weber, and Box Elder Counties, and November 6 statewide.

- (11) In Utah, the season in Washington County is for Canada geese only.
 - (12) In Washington, the daily bag limit in the West Zone may include no more than 4 scoters and 4 oldsquaws, with the possession limit twice the daily bag limit. The daily bag and possession limit for harlequins is 1.
 - (13) In Washington, daily bag and possession limits may include no more than 3 and 6 light geese, respectively.
 - (14) In Washington, in State Goose Area 1, hunting is only on Saturdays, Sundays, Wednesdays, and certain holidays. In State Goose Area 2, hunting is everyday. See State regulations for details, including shooting hours.
 - (15) In Washington, see State regulations for specific dates and conditions of permit hunts and closures for Canada geese.
 - (16) In Washington, brant may be hunted in Skagit and Pacific Counties only; see State regulations for specific dates.
- (f) Youth Waterfowl Hunting Day
- The following seasons are open only to youth hunters. Youth Hunters must be accompanied into the field by an adult at least 18 years of age. This adult can not duck hunt but may participate in other open seasons.
- Definition**
- Youth Hunters:** Includes youths 15 years of age or younger.
- NOTE:** The following seasons are in addition to the seasons published previously in the August 31, 1999, Federal Register (64 FR 47416). Bag and possession limits will conform to those set for the regular season.

(9) In Florida, the Canada goose season is only open in the Florida waters of Lake Seminole in Jackson County that are south of SR2, north of the Jim Woodruff Dam, and east of SR271, and the light goose season is only open north and west of the Suwannee River.
 (10) In Illinois, the daily bag limit for Canada geese is 2.

4. Section 20.106 is amended by adding the entries for the following States in alphabetical order to read as follows:
\$20.106 Seasons, limits, and shooting hours for sandhill cranes.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting and Hawking hours are one-half hour before sunrise until sunset, except as otherwise restricted by State regulations. Area descriptions were published in the August 27, 1999, Federal Register (63 FR 46124).

Note: The following seasons are in addition to the seasons published previously in the August 31, 1999, Federal Register (64 FR 47418).

(1) Each hunter participating in a regular sandhill crane hunting season must obtain and carry in his possession while hunting sandhill cranes a valid Federal sandhill crane hunting permit available without cost from conservation agencies in the States where crane hunting seasons are allowed. The permit must be displayed to any authorized law enforcement official upon request.

5. Section 20.107 is revised to read as follows:
\$20.107 Seasons, limits, and shooting hours for swans.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting hours are one-half hour before sunrise until sunset, except as otherwise restricted by State regulations. Hunting is by State permit only.

NOTE: Successful permittees must immediately validate their harvest by that method required in State regulations.

(1) See State regulations for description of area open to swan hunting.
 (2) Any species of swan may be taken.
 (3) Harvests of trumpeter swans will be limited by quotas established in the September 27, 1999, Federal Register. When it has been determined that the quota of trumpeter swans allotted to Nevada and Utah will have been filled, the season for taking of any swan species in the respective State will be closed by either the Director upon giving public notice through local information media at least 48 hours in advance of the time and date of closing, or by the State through State regulations with such notice and time (not less than 48 hours) as they deem necessary.
 (4) All harvested swans and tags must be checked at the Nevada Division of Wildlife within 5 days of harvest.

6. Section 20.109 is amended by adding the entries for the following States in alphabetical order to read as follows:
\$20.109 Extended seasons, limits, and hours for taking migratory game birds by falconry.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Hawking hours are one-half hour before sunrise until sunset except as otherwise restricted by State regulations. Area descriptions were published in the August 27 and September 27 Federal Registers.

Limits: The daily bag limit may include no more than 3 migratory game birds, singly or in the aggregate. The possession limit is twice the daily bag limit.

These limits apply to falconry during both regular hunting seasons and extended falconry seasons - unless further restricted by State regulations. The falconry bag and possession limits are not in addition to regular season limits.

Unless otherwise specified, extended falconry for ducks does not include sea ducks within the special sea duck areas. Although many States permit falconry during the gun seasons, only extended falconry seasons are shown below. Please consult State regulations for details.
