**DEPARTMENT OF AGRICULTURE****Rural Utilities Service****M&A Electric Power Cooperative, Inc.;  
Notice of Availability of an  
Environmental Assessment**

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice of Availability of an Environmental Assessment.

**SUMMARY:** Notice is hereby given that the Rural Utilities Service (RUS) and the U.S. Army Corps of Engineers are issuing an environmental assessment with respect to the potential environmental impacts related to the construction and operation of a 69 kV electric transmission line and substation in Wayne County, Missouri. RUS may

provide financing assistance to M&A Electric Power Cooperative, Inc., for the project. The U.S. Army Corps of Engineers will grant a right-of-way easement across property they manage for a portion of the transmission line and the substation.

**FOR FURTHER INFORMATION CONTACT:** Bob Quigel, Environmental Protection Specialist, Rural Utilities Service, Engineering and Environmental Staff, Stop 1571, 1400 Independence Avenue, SW, Washington, DC 20250-1571, telephone: (202) 720-0468. Bob's e-mail address is bquigel@rus.usda.gov. Information is also available from Tony Gott, M&A Electric Power Cooperative, Inc., Highway PP, West, Poplar Bluff, Missouri 63901, (573) 785-9651.

**SUPPLEMENTARY INFORMATION:** The project consists of the construction of a 69 kV electric transmission line and substation to be located in Wayne County, Missouri. The project will be constructed by M&A Electric Power Cooperative, Inc. The line will tie into an existing substation located near Patterson and be connected to a new substation to be constructed near Silva. The length of the transmission line is approximately 7 miles. The substation will require approximately 4 acres of land. A portion of the transmission line and the substation will be located within the Wappapello Lake Project area which is managed by the U.S. Army Corps of Engineers. The U.S. Army Corps of Engineers is a cooperating agency in the environmental review of this project.

Burns and McDonnell prepared an environmental assessment for RUS and the U.S. Army Corps of Engineers which describes the project and assesses its environmental impacts. RUS and the U.S. Army Corps of Engineers have conducted an independent evaluation of the environmental assessment and believe that it accurately assesses the impacts of the proposed project. No significant impacts are expected as a result of the construction of the project.

The environmental assessment can be reviewed at the Piedmont Public Library, 118 West Green, Piedmont, Missouri 63957, telephone (573) 223-7036, the headquarters of M&A Electric Power Cooperative, Inc., at the address provided above, or the headquarters of RUS, at the address provided above.

Questions and comments should be sent to RUS at the address provided. RUS will accept questions and comments on the environmental assessment for at least 30 days from the date of publication of this notice.

Any final action by RUS related to the proposed project will be subject to, and

contingent upon, compliance with all relevant Federal environmental laws and regulations and completion of environmental review procedures as prescribed by the 7 CFR part 1794, Environmental Policies and Procedures.

Dated: September 22, 1999.

## DEPARTMENT OF COMMERCE

### Submission for OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* Bureau of Export Administration (BXA).

*Title:* Licensing Responsibilities and Enforcement.

*Agency Form Number:* None.

*OMB Approval Number:* 0694-xxx.

*Type of Request:* New collection.

*Burden:* 70,104 hours.

*Average Time Per Response:* Up to 2.5 hours per response.

*Number of Respondents:* 145,372 respondents.

*Needs and Uses:* This information collection package supports the various collections, notifications, reports, and information exchanges that are needed by the Office of Export Enforcement and Customs to enforce the Export Administration Regulations and maintain the National Security of the United States.

(a) *Assumption Writing.* This writing is necessary to establish who will be responsible for compliance with license requirements in the Export Administration Regulations.

(b) *Information sharing requirements.* This information sharing requirement is necessary because the foreign principal and/or his agent has taken on the responsibility for license requirements without necessarily having all the information necessary to make a license determination or obtain a license.

(c) *Power of attorney or other written authorization.* It is necessary to establish the principal/agent relationship in writing, so that BXA can determine who was responsible for compliance of the EAR and the proper party can be charged when a violation of the Export Administration Regulations has occurred.

(d) *Procedures for unscheduled unloading.* When a BXA-issued license is required to unload items, no person may effect delivery or entry of the items into the commerce of a country without prior written approval from BXA. The carrier must ensure that the items do not enter the commerce of a country by placing the items in custody, or under bond or other guaranty. In addition, the carrier must inform the exporter and BXA of the unscheduled unloading in a time frame that will enable the exporter to submit its report within 10 days from the date of the unscheduled unloading.

(e) *Return or Unloading at Direction of U.S. Dept of Commerce.* Where there are reasonable grounds to believe that a violation of the EAR has occurred or will occur with respect to a particular export from the U.S., BXA or any U.S. Customs officer may order any person in possession or control of such shipment to return or unload the shipment.

(f) *Destination Control Statement.* The DCS is a preventive enforcement measure to remind the public that the goods covered by a document that contains the DCS are controlled for export by the U.S. Government and if they plan to export or reexport it they should look at the EAR to make sure they are in compliance.

(g) *Notation on export documents for exports exempt from SED requirements.* The bill of lading or other loading document must be available for inspection along with the items prior to lading on the carrier.

(h) *Exports by U.S. Mail.* Whenever you export items subject to the EAR by mail that meets one of the exemptions for submission of an SED, you must enter the appropriate export authority on the parcel, i.e., either the number of and expiration date of a license issued by BXA, the appropriate License Exception symbol, or NLR "No License Required" designator.

(i) *Issuance of License, Responsibility of the licensee.* When required by the license, the licensee is responsible for obtaining written acknowledgment(s) of receipt of the conditions from the parties to whom those conditions apply. *Affected Public:* Individuals, businesses or other for-profit institutions.

*Respondent's Obligation:* Mandatory.  
*OMB Desk Officer:* David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, DOC Forms Clearance Officer, Office of the Chief Information Officer (202) 482-3272, Department of Commerce, Room 5027, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at [LEngelme@doc.gov](mailto:LEngelme@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: September 22, 1999.
