

of the information collection requirements, including the validity of the methodology and assumptions used;

- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated, electronic, mechanical, and other technological information and transmission collection techniques.

**DATES:** Submit written comments on or before November 29, 1999.

**ADDRESSES:** Submit written comments to the Docket Office, Docket No. ICR-99-28, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-2625, 200 Constitution Avenue, N.W., Washington, DC 20210; telephone: (202) 693-2350. Commenters may transmit written comments of 10 pages or less in length by facsimile to (202) 693-1648.

**FOR FURTHER INFORMATION CONTACT:** Todd R. Owen, Directorate of Policy, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-3627, 200 Constitution Avenue, N.W., Washington, DC 20210; telephone: (202) 693-2444. A copy of the Agency's Information Collection Request (ICR) supporting the need for the information collection requirements in the Vinyl Chloride Standard is available for inspection and copying in the Docket Office, or mailed on request by telephoning Todd R. Owen or Barbara Bielaski at (202) 693-2444. For electronic copies of the ICR on vinyl chloride, contact OSHA on the Internet at <http://www.osha-slc.gov>.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is correct.

The Occupational Safety and Health Act of 1970 (the Act) authorizes information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries,

illnesses, and accidents. (29 U.S.C. 657.) In this regard, the information collection requirements in the Vinyl Chloride Standard provides protection for employees from the adverse health effects associated with occupational exposure to vinyl chloride.

**II. Proposed Actions**

OSHA proposes to extend the Office of Management and Budget (OMB) approval for the collections of information (paperwork) contained in the Vinyl Chloride Standard, 29 CFR 1910.1017, 1915.1017, 1926.1117.

The Vinyl Chloride Standard requires employers to monitor employee exposure to vinyl chloride, to monitor employee health, and to provide employees with information about their exposures and the health effects of exposure to Vinyl Chloride. In addition, employers must notify OSHA area directors of regulated areas and changes to regulated areas, and of any emergencies that involve vinyl chloride.

OSHA will summarize the comments submitted in response to this notice, and will include this summary in the request to OMB to extend the approval of the information collection requirements contained in the Vinyl Chloride Standard.

*Type of Review:* Extension of currently approved information collection requirements.

*Agency:* Occupational Safety and Health Administration.

*Title:* Vinyl Chloride Standard.

*OMB Number:* 1218-0010.

*Affected Public:* Business or other for-profit; Federal government; state, local or tribal government.

*Number of Respondents:* 80.

*Frequency:* On occasion.

*Average Time per response:* Time per response ranges from approximately 5 minutes (for employers to maintain records) to 12 hours (for employers to update their compliance plans).

*Estimated Total Burden Hours:* 2,878.

*Estimated Cost (Operation and Maintenance):* \$258,042.

**III. Authority and Signature**

Charles N. Jeffress, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506) and Secretary of Labor's Order No. 6-96 (62 FR 1111).

Signed at Washington, DC, this 23rd day of September 1999.

**Charles N. Jeffress,**

*Assistant Secretary of Labor.*

BILLING CODE 7533-01-M

**NUCLEAR REGULATORY COMMISSION**

**Advisory Committee on Nuclear Waste; Procedures for Meetings**

**Background**

This notice describes procedures to be followed with respect to meetings conducted pursuant to the Federal Advisory Committee Act by the Nuclear Regulatory Commission's (NRC's) Advisory Committee on Nuclear Waste (ACNW). These procedures are set forth so that they may be incorporated by reference in future notices for individual meetings.

The ACNW advises the Nuclear Regulatory Commission on nuclear waste disposal issues. This includes facilities covered under 10 CFR Parts 61 and the proposed Part 63 and other applicable regulations and legislative mandates, such as the Nuclear Waste Policy Act, the Low-Level Radioactive Waste Policy Act and amendments, and the Uranium Mill Tailings Radiation Control Act, as amended. The Committee's reports become a part of the public record.

The ACNW meetings are normally open to the public and provide opportunities for oral or written statements from members of the public to be considered as part of the

Committee's information gathering process. The meetings are not adjudicatory hearings such as those conducted by the NRC's Atomic Safety and Licensing Board Panel as part of the Commission's licensing process. ACNW meetings are conducted in accordance with the Federal Advisory Committee Act.

#### **General Rules Regarding ACNW Meetings**

An agenda is published in the **Federal Register** for each full Committee meeting and is available on the Internet at <http://www.nrc.gov/ACRSACNW> and is updated as changes are made. During an ACNW meeting there may be a need to make changes to the agenda to facilitate the conduct of the meeting. The Chairman of the Committee is empowered to conduct the meeting in a manner that, in his/her judgment, will facilitate the orderly conduct of business, including making provisions to continue the discussion of matters not completed on the scheduled day during another meeting. Persons planning to attend the meeting may contact the Designated Federal Official specified in the individual **Federal Register** Notice prior to the meeting to be advised of any changes to the agenda that may have occurred. This individual can be contacted between 7:30 a.m. and 4:15 p.m., Eastern Time.

The following requirements shall apply to public participation in ACNW meetings:

(a) Persons wishing to submit written comments regarding the agenda items may do so by sending a readily reproducible copy addressed to the Designated Federal Official specified in the **Federal Register** Notice for the individual meeting in care of the Advisory Committee on Nuclear Waste, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Comments should be in the possession of the Designated Federal Official at least five days prior to the meeting to allow time for reproduction and distribution. Comments should be limited to topics being considered by the Committee. Written comments may also be submitted by providing a readily reproducible copy to the Designated Federal Official at the beginning of the meeting.

(b) Persons desiring to make oral statements at the meeting should make a request to do so to the Designated Federal Official. If possible, the request should be made five days before the meeting, identifying the topics to be discussed and the amount of time needed for presentation so that orderly arrangements can be made. The

Committee will hear oral statements on topics being reviewed at an appropriate time during the meeting as scheduled by the Chairman.

(c) In addition to the ACRS/ACNW Internet web site, information regarding topics to be discussed, changes to the agenda, whether the meeting has been canceled or rescheduled and the time allotted to present oral statements can be obtained by contacting the Designated Federal Official between 7:30 a.m. and 4:15 p.m., Eastern Time.

(d) During the ACNW meeting presentations and discussions, questions may be asked by ACNW members, Committee consultants, NRC staff, and the ACNW staff.

(e) The use of still, motion picture, and television cameras will be permitted at the discretion of the Chairman and subject to the condition that the physical installation and presence of such equipment will not interfere with the conduct of the meeting. The Designated Federal Official will have to be notified prior to the meeting and will authorize the installation or use of such equipment after consultation with the Chairman. The use of such equipment will be restricted as is necessary to protect proprietary or privileged information that may be in documents, folders, etc., in the meeting room. Electronic recordings will be permitted only during those portions of the meeting that are open to the public.

(f) A transcript is kept for certain open portions of the meeting and will be available in the NRC Public Document Room, 2120 L Street, NW, Washington, DC 20003-1527, for use within one week following the meeting. A copy of the certified minutes of the meeting will be available at the same location on or before three months following the meeting. Copies may be obtained upon payment of appropriate reproduction charges. ACNW meeting agenda, meeting transcripts, and letter reports are available for downloading or viewing on the Internet at <http://www.nrc.gov/ACRSACNW>.

(g) Videoteleconferencing service is available for observing open sessions of some ACNW meetings. Those wishing to use this service for observing ACNW meetings should contact Mr. Theron Brown, ACNW Audio Visual Technician, (301-415-8066) between 7:30 a.m. and 3:45 p.m., Eastern Time at least 10 days before the meeting to ensure the availability of this service. Individuals or organizations requesting this service will be responsible for telephone line charges and for providing the equipment and facilities that they use to establish the

videoteleconferencing link. The availability of videoteleconferencing services is not guaranteed.

#### **ACNW Working Group Meetings**

ACNW Working Group meetings will also be conducted in accordance with these procedures, as appropriate. When Working Group meetings are held at locations other than at NRC facilities, reproduction facilities may not be available at a reasonable cost. Accordingly, 25 additional copies of the materials to be used during the meeting should be provided for distribution at such meetings.

#### **Special Provisions When Proprietary Sessions Are To Be Held**

If it is necessary to hold closed sessions for the purpose of discussing matters involving proprietary information, persons with agreements permitting access to such information may attend those portions of the ACNW meetings where this material is being discussed upon confirmation that such agreements are effective and related to the material being discussed.

The Designated Federal Official should be informed of such an agreement at least five working days prior to the meeting so that it can be confirmed, and a determination can be made regarding the applicability of the agreement to the material that will be discussed during the meeting. The minimum information provided should include information regarding the date of the agreement, the scope of material included in the agreement, the project or projects involved, and the names and titles of the persons signing the agreement. Additional information may be requested to identify the specific agreement involved. A copy of the executed agreement should be provided to the Designated Federal Official prior to the beginning of the meeting for admittance to the closed session.

Dated: September 22, 1999.
