

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

7 CFR Part 301

[Docket No. 99-076-1]

Oriental Fruit Fly; Designation of Quarantined Area

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Interim rule and request for comments.

SUMMARY: We are amending the Oriental fruit fly regulations by quarantining a portion of Los Angeles County, CA, and restricting the interstate movement of regulated articles from the quarantined area. This action is necessary on an emergency basis to prevent the spread of the Oriental fruit fly into noninfested areas of the United States.

DATES: This interim rule was effective September 22, 1999. We invite you to comment on this docket. We will consider all comments that we receive by November 29, 1999.

ADDRESSES: Please send your comment and three copies to: Docket No. 99-076-1, Regulatory Analysis and Development, PPD, APHIS, Suite 3C03, 4700 River Road, Unit 118, Riverdale, MD 20737-1238.

Please state that your comment refers to Docket No. 99-076-1.

You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

APHIS documents published in the **Federal Register**, and related information, including the names of organizations and individuals who have commented on APHIS rules, are available on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

FOR FURTHER INFORMATION CONTACT: Mr. Michael B. Stefan, Operations Officer, Invasive Species and Pest Management Staff, PPQ, APHIS, 4700 River Road, Unit 134, Riverdale, MD 20737-1236; (301) 734-8247.

SUPPLEMENTARY INFORMATION:**Background**

The Oriental fruit fly, *Bactrocera dorsalis* (Hendel), is a destructive pest

of citrus and other types of fruit, nuts, and vegetables. The short life cycle of the Oriental fruit fly allows rapid development of serious outbreaks, which can cause severe economic losses. Heavy infestations can cause complete loss of crops.

The Oriental fruit fly regulations, contained in 7 CFR 301.93 through 301.93-10 (referred to below as the regulations), were established to prevent the spread of the Oriental fruit fly to noninfested areas of the United States. Section 301.93-3(a) provides that the Administrator will list as a quarantined area each State, or each portion of a State, in which, the Oriental fruit fly has been found by an inspector, in which the Administrator has reason to believe that the Oriental fruit fly is present, or that the Administrator considers necessary to regulate because of its proximity to the Oriental fruit fly or its inseparability for quarantine enforcement purposes from localities in which the Oriental fruit fly has been found. The regulations impose restrictions on the interstate movement of regulated articles from the quarantined areas. Quarantined areas are listed in § 301.93-3(c).

Less than an entire State will be designated as a quarantined area only if the Administrator determines that the State has adopted and is enforcing restrictions on the intrastate movement of the regulated articles that are substantially the same as those imposed on the interstate movement of regulated articles and the designation of less than the entire State as a quarantined area will prevent the interstate spread of the Oriental fruit fly.

Recent trapping surveys by inspectors of California State and county agencies and by inspectors of the Animal and Plant Health Inspection Service (APHIS) reveal that a portion of Los Angeles County, CA, is infested with the Oriental fruit fly. The Oriental fruit fly is not known to exist anywhere else in the continental United States except Florida.

State agencies in California have begun an intensive Oriental fruit fly eradication program in the quarantined area in Los Angeles County. Also, California has taken action to restrict the intrastate movement of regulated articles from the quarantined area.

Accordingly, to prevent the spread of the Oriental fruit fly to other States, we are amending the regulations in § 301.93-3 by designating as a quarantined area a portion of Los Angeles County, CA. The resulting quarantined area is described in the rule portion of this document.

Emergency Action

The Administrator of the Animal and Plant Health Inspection Service has determined that an emergency exists that warrants publication of this interim rule without prior opportunity for public comment. Immediate action is necessary to prevent the Oriental fruit fly from spreading to noninfested areas of the United States.

Because prior notice and other public procedures with respect to this action are impracticable and contrary to the public interest under these conditions, we find good cause under 5 U.S.C. 553 to make this action effective less than 30 days after publication. We will consider comments that are received within 60 days of publication of this rule in the **Federal Register**. After the comment period closes, we will publish another document in the **Federal Register**. The document will include a discussion of any comments we receive and any amendments we are making to the rule as a result of the comments.

Executive Order 12866 and Regulatory Flexibility Act

This rule has been reviewed under Executive Order 12866. For this action, the Office of Management and Budget has waived its review process required by Executive Order 12866.

This action amends the Oriental fruit fly regulations by adding a portion of Los Angeles County, CA, to the list of quarantined areas. The regulations restrict the interstate movement of regulated articles from the quarantined area.

Within the quarantined portion of Los Angeles County, CA, there are approximately 219 entities that will be affected by this rule. All would be considered small entities. These include 1 airport, 5 caterers, 2 certified farmer's markets, 2 community gardens, 154 fruit sellers, 1 grower, 1 landfill, 52 nurseries, and 1 swapmeet. These small entities comprise less than 1 percent of the total number of similar small entities operating in the State of California. In addition, these small entities sell regulated articles primarily for local intrastate, not interstate, movement so the effect, if any, of this regulation on these entities appears to be minimal.

The effect on those few entities that do move regulated articles interstate will be minimized by the availability of various treatments that, in most cases, will allow these small entities to move regulated articles interstate with very little additional cost.

Under these circumstances, the Administrator of the Animal and Plant

Health Inspection Service has determined that this action will not have a significant economic impact on a substantial number of small entities.

Executive Order 12372

This program/activity is listed in the Catalog of Federal Domestic Assistance under No. 10.025 and is subject to Executive Order 12372, which requires intergovernmental consultation with State and local officials. (See 7 CFR part 3015, subpart V.)

Executive Order 12988

This interim rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule: (1) Preempts all State and local laws and regulations that are inconsistent with this rule; (2) has no retroactive effect; and (3) does not require administrative proceedings before parties may file suit in court challenging this rule.

National Environmental Policy Act

An environmental assessment and finding of no significant impact have been prepared for this interim rule. The assessment provides a basis for the conclusion that the implementation of integrated pest management to achieve eradication of the Oriental fruit fly will not have a significant impact on human health and the natural environment. Based on the finding of no significant impact, the Administrator of the Animal and Plant Health Inspection Service has determined that an environmental impact statement need not be prepared.

The environmental assessment and finding of no significant impact were prepared in accordance with: (1) The National Environmental Policy Act of 1969, as amended (NEPA) (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Copies of the environmental assessment and finding of no significant impact are available for public inspection at USDA, room 1141, South Building, 14th Street and Independence Avenue, SW., Washington, DC, between 8 a.m. and 4:30 p.m., Monday through Friday, except holidays. Persons wishing to inspect copies are requested to call ahead on (202) 690–2817 to facilitate entry into the reading room. In addition, copies may be obtained by writing to the individual listed under

FOR FURTHER INFORMATION CONTACT.

Paperwork Reduction Act

This rule contains no new information collection or recordkeeping requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

List of Subjects in 7 CFR Part 301

Agricultural commodities, Plant diseases and pests, Quarantine, Reporting and recordkeeping requirements, Transportation.

Accordingly, we are amending 7 CFR part 301 as follows:

PART 301—DOMESTIC QUARANTINE NOTICES

1. The authority citation for part 301 continues to read as follows:

Authority: 7 U.S.C. 147a, 150bb, 150dd, 150ee, 150ff, 161, 162, and 164–167; 7 CFR 2.22, 2.80, and 371.2(c).

2. In § 301.93–3, paragraph (c) is amended by adding an entry for Los Angeles County, CA, in alphabetical order, to read as follows:

§ 301.93–3 Quarantined areas.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 931

[Docket No. FV99–931–1 FR]

Fresh Bartlett Pears Grown in Oregon and Washington; Increased Assessment Rate

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This rule increases the assessment rate established for the Northwest Fresh Bartlett Pear Marketing Committee (Committee) under Marketing Order No. 931 for the 1999–2000 and subsequent fiscal periods from \$0.02 to \$0.025 per standard box of fresh Bartlett pears handled. The Committee is responsible for local administration of the marketing order which regulates the handling of fresh Bartlett pears grown in Oregon and Washington. Authorization to assess fresh Bartlett pear handlers enables the Committee to incur expenses that are reasonable and necessary to administer the program. The 1999–2000 fiscal period began July 1 and ends June 30. The assessment rate will remain in effect indefinitely unless modified, suspended, or terminated.

EFFECTIVE DATE: September 29, 1999.

FOR FURTHER INFORMATION CONTACT: Teresa L. Hutchinson, Northwest Marketing Field Office, Fruit and Vegetable Programs, AMS, USDA, 1220 SW Third Avenue, room 369, Portland, OR 97204; telephone: (503) 326–2724, Fax: (503) 326–7440 or George J. Kelhart, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, room 2525–S, P.O. Box 96456, Washington, DC 20090–6456; telephone: (202) 720–2491, Fax: (202) 720–5698. Small businesses may request information on complying with this regulation by contacting Jay Guerber, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, room 2525–S, P.O. Box 96456, Washington, DC 20090–6456; telephone: (202) 720–2491, Fax: (202) 720–5698, or E-mail: Jay.Guerber@usda.gov.
