The Proposal

The FAA is considering an amendment to 14 CFR part 71 by modifying the Class E airspace area at Willows-Glen County Airport, CA. The establishment of a GPS RWY 34 SIAP at Willows-Glen County Airport has made this proposal necessary. Additional controlled airspace extending upward from 700 feet above the surface is needed to contain aircraft executing the GPS approach procedure at Willows-Glen County Airport. The intended effect of this proposal is to provide adequate controlled airspace for aircraft executing the GPS RWY 34 SIAP at Willows-Glen County Airport, Willows, CA. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9G dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in this Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Treatment of Repurchase Agreements and Refunded Securities as an Acquisition of the Underlying Securities

AGENCY: Securities and Exchange Commission.

ACTION: Proposed rule.

SUMMARY: The Commission is proposing for public comment a new rule and related rule amendments under the Investment Company Act of 1940 that would affect the ability of investment companies to invest in repurchase

agreements and pre-refunded bonds under the Act. The proposed rule would generally codify and update staff positions that have permitted investment companies to “look through” counterparties to certain repurchase agreements and issuers of municipal bonds that have been “refunded” with U.S. government securities and treat the securities comprising the collateral as investments for certain purposes under the Act.

DATES: Comments must be received on or before November 23, 1999.

ADDRESSES: Comments should be submitted in triplicate to Jonathan G. Katz, Secretary, Securities and Exchange Commission, 450 5th Street, N.W., Washington, D.C. 20549–0609. Comments also may be submitted electronically at the following E-mail address: rule-comments@sec.gov. All comment letters should refer to File No. S7–21–99; this file number should be included on the subject line if E-mail is used. Comment letters will be available for public inspection and copying in the Commission’s Public Reference Room, 450 5th Street, N.W., Washington, D.C. 20549. Electronically submitted comment letters also will be posted on the Commission’s Internet web site (<http://www.sec.gov>).

SUPPLEMENTARY INFORMATION: The Commission today is requesting public comment on proposed rule 5b–3 [17 CFR 270.5b–3] and conforming amendments to rules 2a–7 [17 CFR 270.2a–7] and 12d3–1 [17 CFR 270.12d3–1] under the Investment Company Act of 1940 [15 U.S.C. 80a] (the “Act”).¹

Executive Summary

Repurchase agreements provide investment companies (“funds”) with a convenient means to invest excess cash on a secured basis, generally for short periods of time. In a typical fund repurchase agreement, a fund enters into a contract with a broker, dealer or bank (the “counterparty”) to the transaction for the purchase of securities. The counterparty agrees to repurchase the securities at a specified future date or on demand for a price that is sufficient to return to the fund its original purchase price, plus an additional amount representing the return on the fund’s investment.

The Commission is proposing a rule that would permit funds to “look through” certain repurchase agreements to the securities collateralizing the agreements for various purposes under the Act. Because a fund looks to the collateral as the ultimate source of repayment for its loan, the Commission staff has taken a “no-action” position in order to allow funds to treat certain repurchase agreements as investments in the securities making up the collateral rather than as a loan to the counterparty. Proposed rule 5b–3 would codify these positions and allow a fund to treat a repurchase agreement as an acquisition of the underlying collateral in determining whether it is in compliance with the investment criteria for diversified funds set forth in section 5(b)(1) of the Act.² The proposed rule also would codify staff no-action positions that allow a fund that enters into a repurchase agreement with a counterparty that is a broker-dealer to “look through” the repurchase agreement to the underlying collateral for purposes of section 12(d)(3) of the Act, which prohibits a fund from acquiring an interest in a broker-dealer.³ The proposed rule would require the value of the collateral at all times to be sufficient to fully cover the amount payable under the repurchase agreement (that is, the amount that the counterparty would repay the fund to repurchase the securities). In addition, the fund must evaluate whether the counterparty is creditworthy and the repurchase agreement must qualify for an exclusion from any automatic stay of creditors’ rights under the federal
