Power Exploration, Incorporated, Tyler, Texas; Notice of Negative Determination Regarding Application for Reconsideration

By application dated August 3, 1999, the petitioners requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA), applicable to workers and former workers of the subject firm. The denial notice was signed on July 26, 1999, and published in the **Federal Register** on August 11, 1999 (64 FR 43723).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

- (1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;
- (2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or
- (3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The TAA petition, filed on behalf of workers of Power Exploration, Incorporated, Tyler, Texas, engaged in geological studies was denied because the workers provided a service and did not produce an article as required in Section 222(3) of the Trade Act of 1974, as amended.

The petitioners assert that the worker group provided a number of different articles and products and provided oil and gas exploration expertise to a number of different companies and clients in the oil and gas industry.

Workers at the subject firm, however, are engaged in employment related to the acquisition, processing and marketing of seismic data.

Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decisions. Accordingly, the application is denied.

Signed at Washington, D.C. this 17th day of September 1999.

Program Manager, Office of Trade Adjustment Assistance.

Stonecutter Textiles, Inc.; Spindale, North Carolina; Mill Spring, North Carolina; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistant on June 17, 1999, applicable to workers of Stonecutter Textiles, Inc., located in Spindale, North Carolina. The notice was published in the **Federal Register** on August 11, 1999 (64 FR 43723).

At the request of the company, the Department reviewed the certification for workers of the subject firm. New information shows that worker separations occurred at the Mill Spring, North Carolina location of Stonecutter Textiles, Inc. when it closed in July, 1999. The workers were engaged in the production of yarn used to produce greige goods at Stonecutters' Spindale, North Carolina facilities.

The intent of the Department's certification is to include all workers of Stonecutter Textiles, Inc. who were adversely affected by increased imports. Accordingly, the Department is amending the certification to cover the workers of Stonecutter Textiles, Mill Spring, North Carolina.

The amended notice applicable to TA-W-36,062 is hereby issued as follows:

All workers of Stonecutter Textiles, Inc., Spindale, North Carolina (TA-W-36,062) and Mill Spring, North Carolina (TA-W-36,062B) who became totally or partially separated from employment on or after March 29, 1998 through June 17, 2001 are

eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 20th day of September, 1999.
