BILLING CODE 4310-70-F

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-417]

Certain Code Hopping Remote Control Systems, Including Components and Integrated Circuits Used Therein; Notice of a Commission Determination Not To Review an Initial Determination Terminating the Investigation on the Basis of a Settlement Agreement

AGENCY: International Trade
Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge's ("ALJ's") initial determination ("ID") granting a joint motion to terminate the above-captioned investigation on the basis of a settlement agreement.

FOR FURTHER INFORMATION CONTACT: Timothy P. Monaghan, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436, telephone (202) 205-3152. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on December 30, 1998, based on a complaint by Microchip Technology Incorporated ("Microchip") alleging that respondents Chamberlain Group, Inc. ("Chamberlain") and Sears, Roebuck and Co. ("Sears") violated section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, by importing, selling for importation, or selling within the United States after importation certain code hopping remote control systems, including components and integrated circuits used therein, that infringe claims of Microchip's U.S. Letters Patent 5,517,187 ('187 patent). Microchip alleged that Sears sells the

accused devices manufactured abroad by Chamberlain.

On August 1, 1999, Microchip and Chamberlain entered into a settlement agreement, which grants to Chamberlain a nonexclusive license for the '187 patent at issue, and provides for the settlement of this investigation and a companion action pending before the U.S. District Court for the Northern District of Illinois. On August 4, 1999, Microchip and respondents Chamberlain and Sears filed the joint motion to terminate the investigation. The Commission investigative attorney ("IA") supported the joint motion.

On August 25, 1999, the ALJ issued an ID (Order No. 10) granting the motion to terminate the investigation. The ALJ noted that the parties, in accordance with Commission rules, had stated that there were no other agreements concerning the subject matter of this investigation. The ALJ further noted that all of the parties, including the IA, had argued that termination of the investigation would pose no threat to the public interest, which would in fact be advanced by private resolution of this dispute. No party petitioned for review of the subject ID.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and Commission rule 19 CFR 210.42. Copies of the public version of the ALJ's ID and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436, telephone 202-205-2000.

By order of the Commission.

Issued: September 23, 1999.

Secretary.
