

exclusion information and is updated in both on-line searchable and downloadable formats. This information is updated on a regular basis. The OIG web site sorts the exclusion of individuals and entities by: (1) The legal basis for the exclusion, (2) the types of individuals and entities that have been excluded, and (3) the State where the excluded individual resided at the time they were excluded or the State where the entity was doing business. In addition, the entire exclusion file may be downloaded for persons who wish to set up their own database. Monthly updates are posted to the downloadable information on the web site.

H. Conclusion

In accordance with the expanded sanction authority provided in HIPAA and BBA, and with limited exceptions,⁴ an exclusion from Federal health care programs effectively precludes an excluded individual or entity from being employed by, or under contract with, any practitioner, provider or supplier to provide any items and services reimbursed by a Federal health care program. This broad prohibition applies whether the Federal reimbursement is based on itemized claims, cost reports, fee schedules or PPS. Furthermore, it should be recognized that an exclusion remains in effect until the individual or entity has been reinstated to participate in Federal health care programs in accordance with the procedures set forth at 42 CFR 1001.3001 through 1001.3005. Reinstatement does not occur automatically at the end of a term of exclusion, but rather, an excluded party must apply for reinstatement.

If you are an excluded individual or entity, or are considering hiring or contracting with an excluded individual or entity, and question whether or not the employment arrangement may violate the law, the OIG Advisory Opinion process is available to offer formal binding guidance on whether an employment or contractual arrangement may be in violation of the OIG's exclusion and CMP authorities. The process and procedure for submitting an advisory opinion request can be found at 42 CFR 1008, or on the OIG web site at www.hhs.gov/oig.

⁴ In certain instances, a State health care program may request a waiver of an exclusion if an individual or entity is the sole community physician or the sole source of essential specialized services in a community (42 CFR 1001.1801(b)).
