Title: Guaranteed Loanmaking—Business and Industry Loans.

OMB Number: 0570-0017.

Expiration Date of Approval: September 30, 1999.

Type of Request: Extension of Currently Approved Information Collection.

Abstract: The purpose of the program is to improve, develop, or finance businesses, industries, and employment and improve the economic and environmental climate in rural communities. This purpose is achieved through bolstering the existing private credit structure through the guaranteeing of quality loans made by lending institutions, thereby providing lasting community benefits. This subpart contains requirements applicable to Business and Industry Loan Program loans administered by the Agency.

Information being collected from lenders on guaranteed loan borrowers is typically collected by lenders. There are no new data collection requirements contained in the renewal notice. In contrast to the burden package approved in 1996, the estimates no longer include burden hours for customary and usual business practices. However, the total burden hours are higher because of a significant increase in the program funding level.

Estimate of Burden: Public reporting for this collection of information is estimated to average 3.4 hours per response.

Respondent: Business or other for-profit; State, Local or Tribal Government.

Estimated Number of Respondents: 6,350.

Estimated Number of Responses per Respondent: 1.

Estimated Number of Responses: 6,350.

Estimated Total Annual Burden on Respondents: 21,385 hours.

Copies of this information collection can be obtained from Cheryl Thompson, Regulations and Paperwork Management Branch, at (202) 692-0043.
