

scope. Pursuant to this notice, NIST will accept applications from accreditation bodies that are interested in being recognized to accredit certification bodies under the FCC TCB program, the telecommunications equipment sectoral annex of the U.S./EU MRA or the APEC MRA if they meet the above criteria. Prospective accreditation bodies must submit a complete application and required fees by October 30, 1999 in order to be included in the initial group to be evaluated.

Accreditation bodies seeking recognition for the purposes of the FCC TCB program may begin accepting applications from candidate TCBs immediately. To ensure fairness in the process, initial applications to become a TCB will be handled as a group. All such applications filed and accepted by November 15, 1999 by an accreditation body which has applied to NIST for recognition will be handled in the first group of TCBs. Applications received subsequently will be considered on an as-received basis for evaluation after the initial group of applicants has been considered.

The evaluation of the first group of accreditation bodies applying for NVCASE recognition will begin on or about November 15, 1999. All accreditation bodies that have submitted a complete application and required fees to NIST by October 30, 1999, will be included in this initial group. Applications received subsequently will be considered on an as-received basis for evaluation after the initial group of applicants has been considered.

NIST expects to announce recognition of qualified accreditation bodies on or about March 1, 2000. At about the same time, NIST also expects to identify and list an initial group of qualified certifiers for each of the areas noted. Certifiers listed under the provisions of the telecommunications equipment sectoral annex of the U.S./EU MRA or under the APEC MRA will be designated by NIST as conformity assessment bodies. Certifiers listed under the provisions of FCC Docket 98-68 will be nominated to the FCC for designation as TCBs.

Notwithstanding any other provision of law, no person is required to respond nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number.
